Animal Friends

You are going to learn:

Topic: Friends — Animal friends

**Words: dragonfly, woodpecker,
companion, bored**

Sentence pattern: Without..., it would be...

What do you know about these animals?

1

2

3

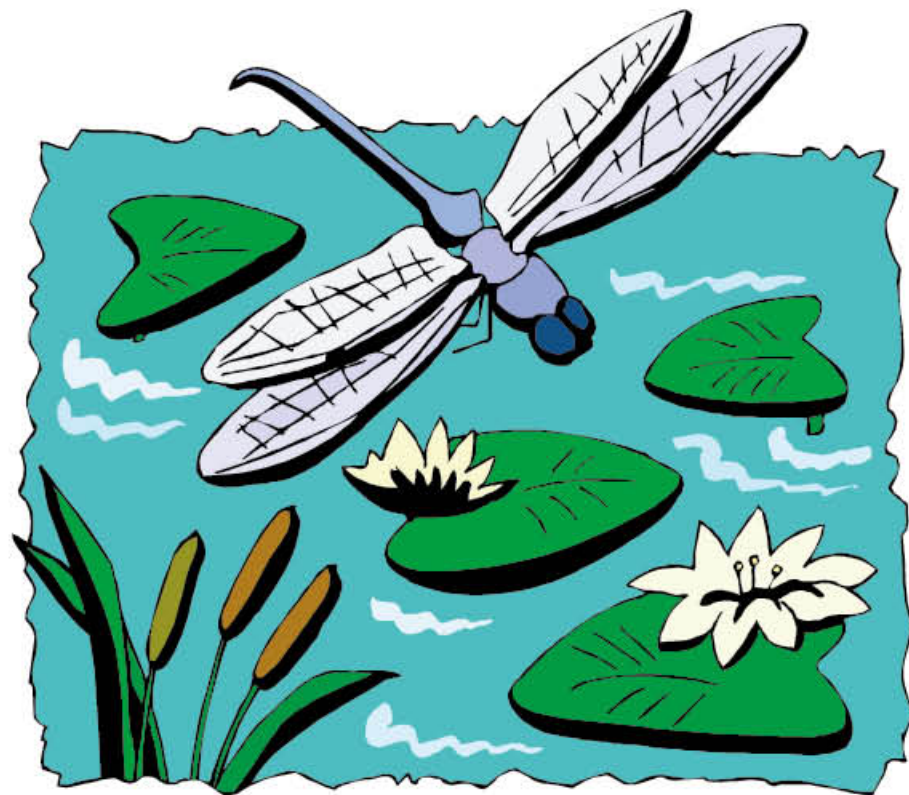

4

Let's prepare!

The **dragonfly** is flying
over the lake.

drag·on·fly

How many dragonflies
are there in the picture?

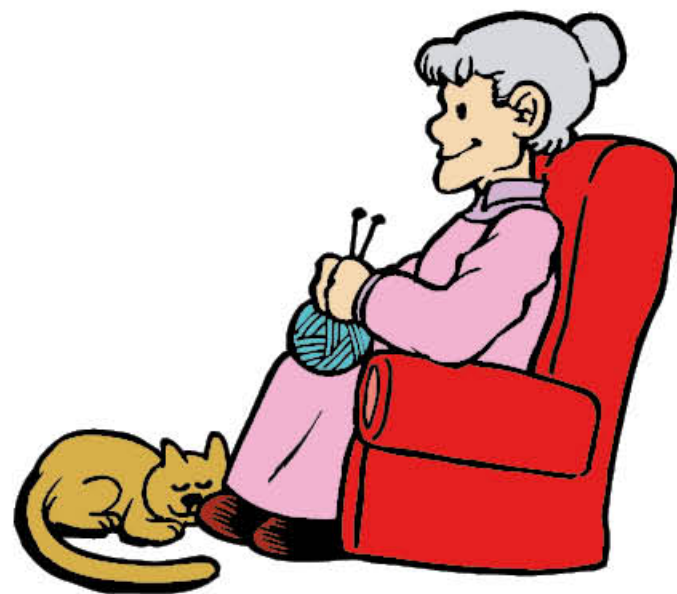

Woodpeckers eat the insects that live in trees.

wood·peck·er

Who eats the insects that live in trees?

The cat is Grandma's
companion.

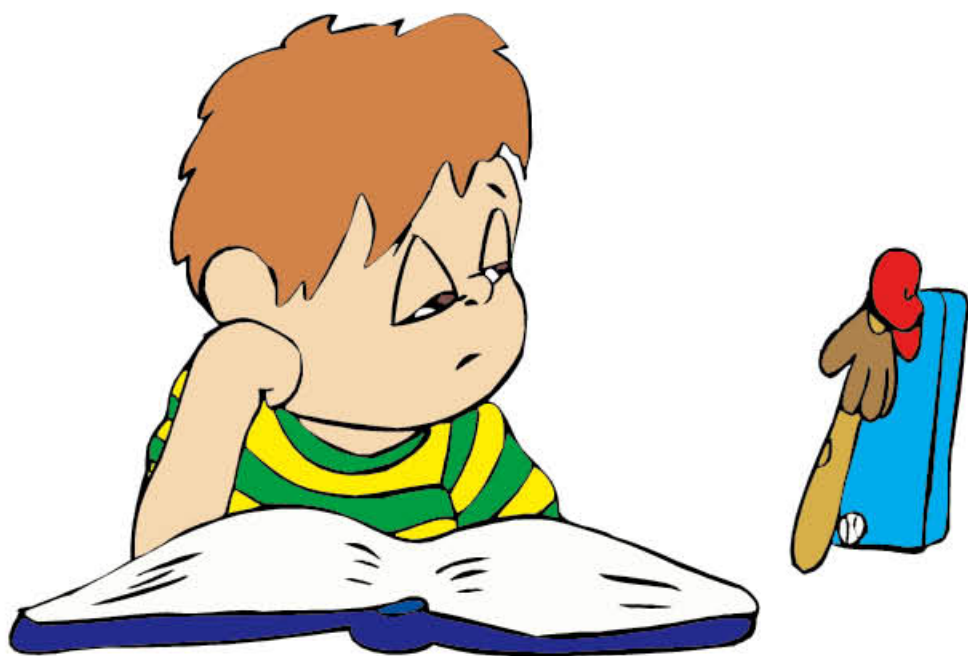

com·pan·ion

Is Sam Timmy's
companion?

After reading a few pages,
the boy gets **bored**.

bored

Which dog is bored?

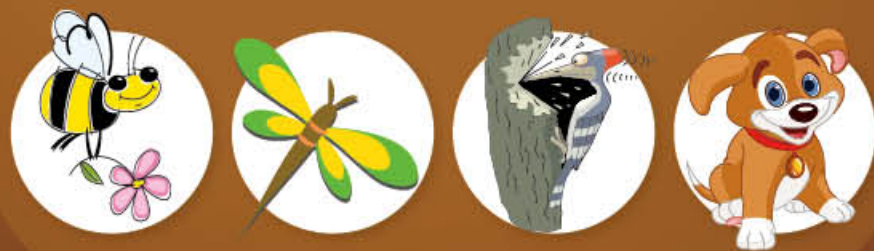

Let's talk!

Introduction

Timmy and his classmates are talking about animals that help people.

Today we are going to talk about our animal friends. What do you know about the animals on the board?

Bees are busy.
And they can
make honey.

Good job, Cindy.
And **without** bees,
it would be much
harder to grow fruit.

Dragonflies eat mosquitoes. In summer, mosquitoes bother me a lot. So I like dragonflies.

Ha-ha! Yes, Asnee.

Grandpa told me
woodpeckers eat
the insects that live
in trees. They are like
“doctors of the trees.”

Very good,
Emily.

Dogs are very good **companions**. When we are **bored**, we can play with them. I spend a lot of time with my dog Fuzzy. He is a great companion!

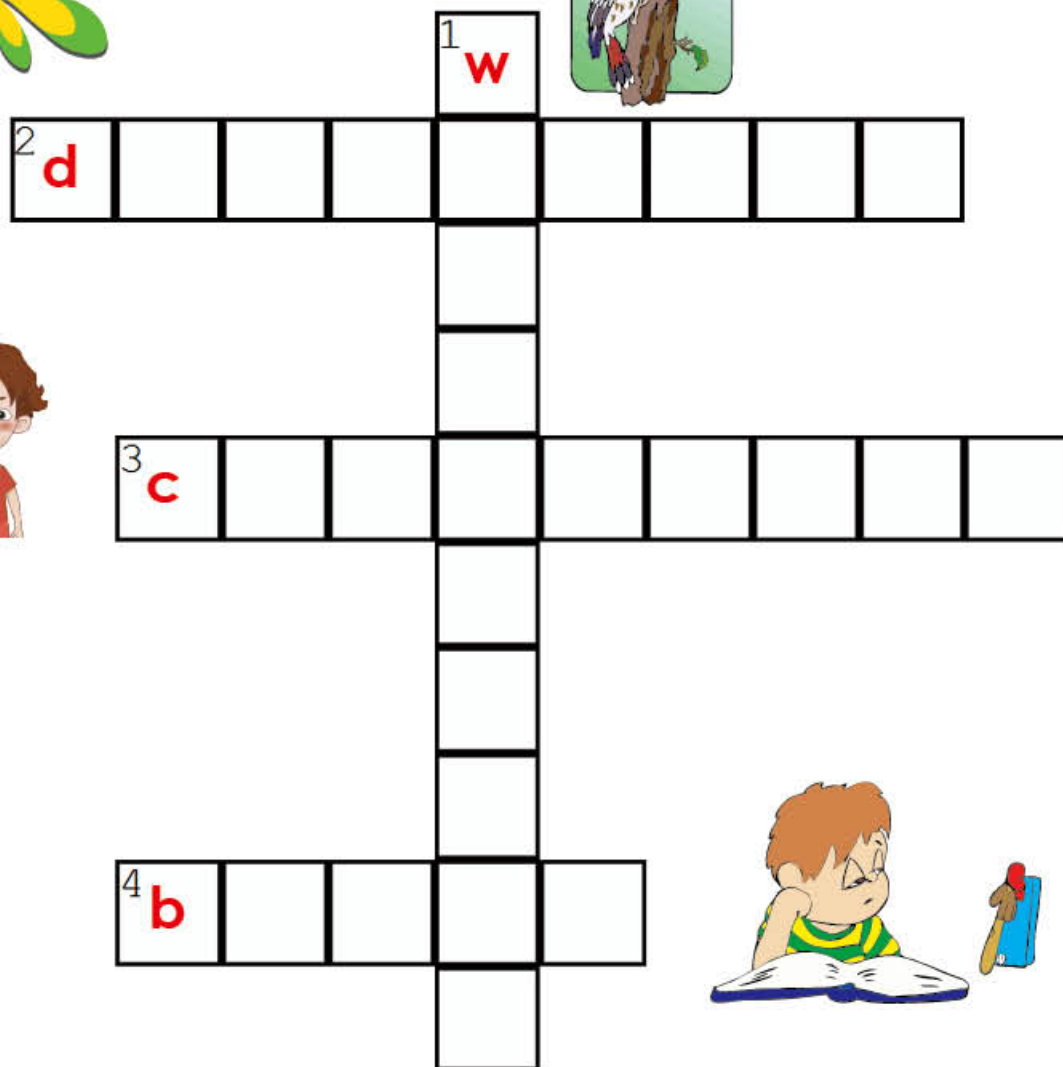

I have a dog too!
And she is a really loyal friend.

Let's practice !

Complete the crossword.

Down

1. a bird that eats the insects that live in trees

Across

2. an insect that can fly and eat mosquitoes

3. someone or something you spend a lot of time with

4. feeling unhappy because you have nothing to do

Look and say.

What do they say about these animals?

Hints:
busy
make honey
eat mosquitoes
bother

Look and say.

What do they say about these animals?

Hints:

eat insects
doctors of the trees
good companions
bored

Talk to the teacher.

What do you know about these animals?

Hints:

honey, grow fruit
