CAVE OF CRYSTALS

We are going to learn about the Cave of Crystals.

Warm-up

2 min

What can you see? Do you like them?

**Reading****3** min

Read with the teacher and then answer the questions below.

The **Cave** of Crystals is a natural wonder that is found in Chihuahua, Mexico. It has one of the world's most remarkable displays of **crystals**.

Mexico**Chihuahua**

Where is the Cave of Crystals?
Have you ever been there?

**Reading****4** min

Read with the teacher and then answer the questions below.

The Cave of Crystals is a cave **deep** down underground. People must travel one thousand feet below the surface to reach the cave and to see some of the largest crystals.

How deep is the cave?
What can you find deep down in the cave?

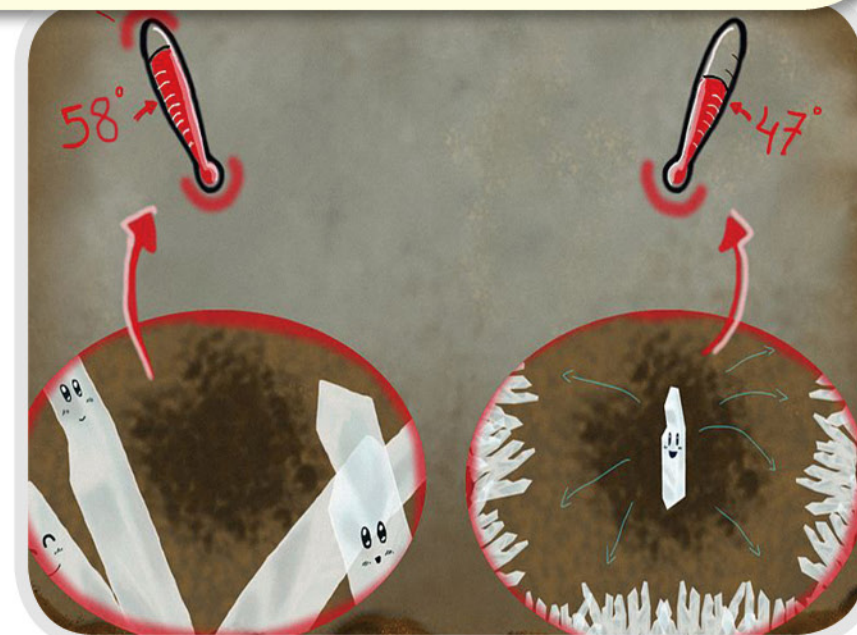

To be continued... >>

**Reading****4** min

Read with the teacher and then answer the question below.

Many people call it the **Giant** Crystal Cave because of the large crystals which are formed by the air **temperature** inside the cave reaching fifty-eight degrees celsius.

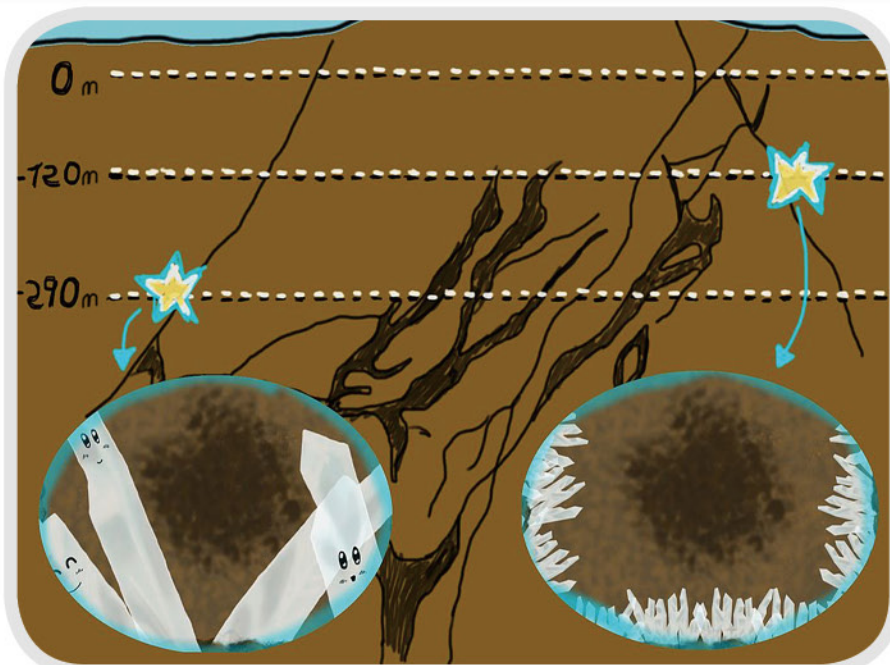

Why are the crystals so large?

To be continued... >>

**Reading****3** min

Read with the teacher and then answer the questions below.

The cave gets extremely hot because of the hot **liquid** inside. As a result, tourists cannot view this natural wonder of the world.

What is within the cave?
Why can't people visit the cave?

Let's practice. >>

**Task****4**

min

Fill in the missing letters and then say the words out loud.
