Ask and answer.

## Animals' Secrets

by Anita Brown

Koala

Elephant

What is the byline of this article?

--

What are the subheadings?

--

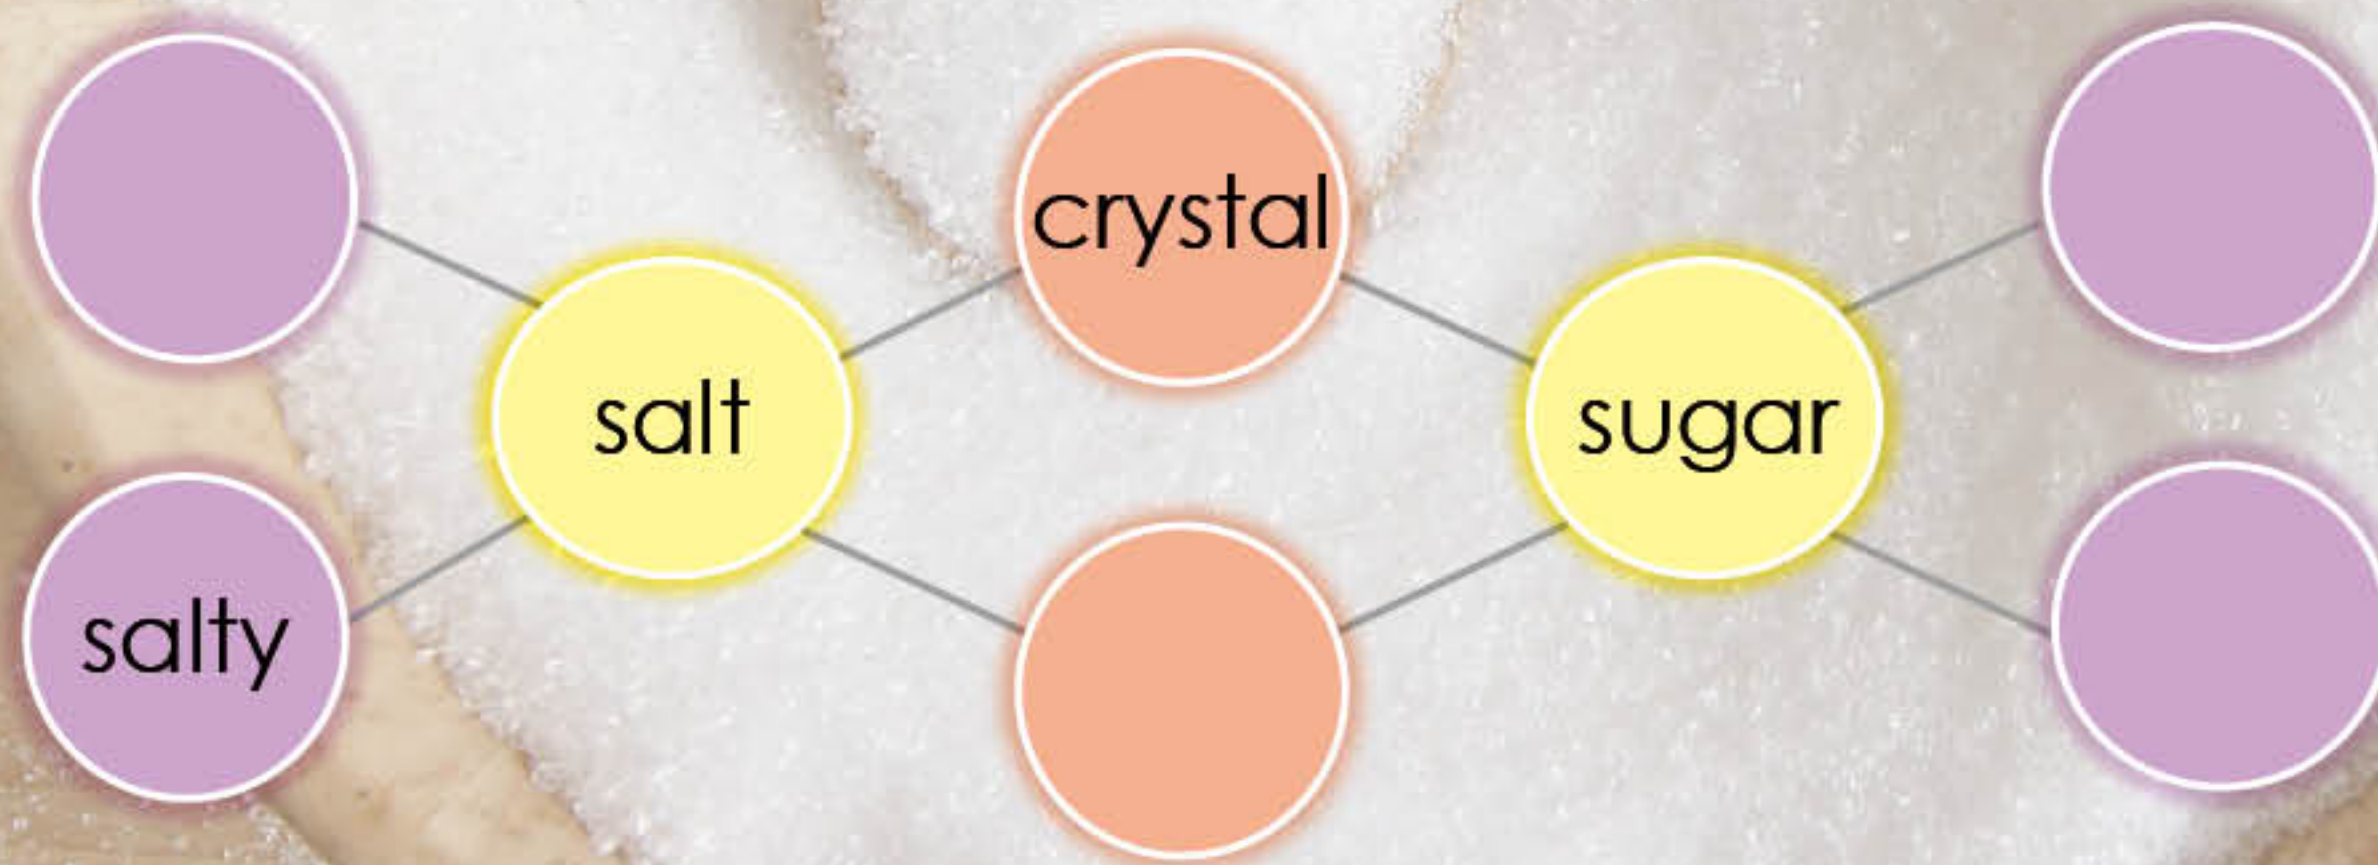

# Activity 7—Comprehension Skill

02:00

**Read the passage and complete the double bubble map.**

Sometimes, it is hard to distinguish between salt and sugar by eyes, because both of them are crystals and have a white color. The easiest way to distinguish them is to take a taste. Salt is salty, while sugar is sweet. Not only do they have different tastes, but also they are made in different ways. People can get salt from seawater. Sugar is made from a plant called sugar beet.

- |                       |               |
|-----------------------|---------------|
| <del>1. salty</del>   | 2. seawater   |
| <del>3. crystal</del> | 4. sweet      |
| 5. white              | 6. sugar beet |

# Activity 8—Writing Preparation
