A. But

B. And

C. Then

# Let's read

Read and choose words to complete the text.

People sometimes find dinosaurs' teeth in rocks under the ground. Dinosaurs looked like big lizards (蜥蜴) and most of them moved by running.

Dinosaurs lived in the jungle where there were lots of plants and water. But about 60,000,000 years ago, the weather on Earth suddenly got colder and drier.

Q3: Most dinosaurs that ate plants were \_\_\_\_ and heavier than other kinds of dinosaurs that ate meat.

A. large

B. larger

C. the largest

Q4: Many plants \_\_\_\_\_ dinosaurs liked to eat stopped growing, which was a terrible problem. Soon after dinosaurs disappeared.

A. that

B. what

C. who

# Let's read

Answer these questions.

Q5: Where can we learn about dinosaurs?

Q6: Why did dinosaurs disappear?

Q7: Which dinosaurs were smaller? The dinosaurs that ate meat or the dinosaurs that ate plants?

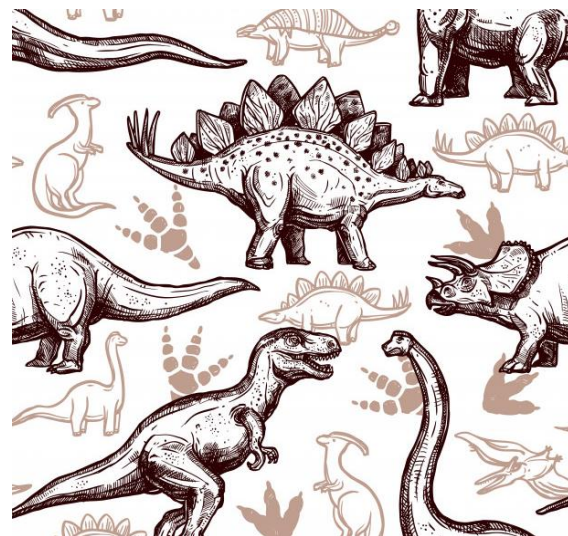

# Listen and talk

Listen and tell the teacher which animals these descriptions are pointing to. **Bats or dinosaurs?**

e.g. "1a" is pointing to.....

1a

2a

1b

2b

3b

4b

3a

4a

# Free talk

Answer the questions and talk with the teacher freely.

Q1: Can you simply describe dinosaurs by using the expressions that we have learned in this class?

Q2: Do you think dinosaurs are interesting?

03

# Conclusion

# Conclusion

In this lesson, you've learnt

## Words

dinosaur, cartoon, film, science museum,  
pair of, problem, disappear

## Sentences

Dinosaurs lived in the jungle where there were lots of plants and water. Many plants that dinosaurs liked to eat stopped growing, which was a terrible problem.  
Most dinosaurs that ate plants were heavier than other kinds of dinosaurs that ate meat.

## Grammar

preposition, pronouns, comparative adjectives
