Lesson 6

Review

Activity

Match the words with the pictures and make sentences.

I need to get the medicine.

1 illness

2 modern

4 needle

3 herb

Activity

Look at the pictures and make sentences using “place on”.

leech

wound

ice pack

knee

towel

forehead

A leech was placed on his wound.

Activity

Read and answer the question.

Before modern medicine, people had to find something else to use. Plants and herbs were probably the first type of medicine.

Animals were used to make medicine too, such as parts of elephants and tigers. Animals were also used to help heal people. In fact, in the past, if you had gotten a bad cut, you may have had leeches placed on your wound!

1

What medicine did people use in the past?

Activity

Read and answer the question.

Acupuncture and massage were created to help sick people feel better. Acupuncture is when the doctor puts needles into someone's body to help them feel better. Massage uses the hands to touch someone's body and is very useful for muscle pain.

2

What do you know about acupuncture and massage?

Writing Project

Answer the questions and write a passage about the types of medicine in the past.
