

The background is a vibrant purple space scene filled with white stars of various sizes. In the top right, a white rocket with red and yellow accents is launching. To its left is a yellow planet with orange rings. In the top center, a small Earth globe is visible. Below the title box, a satellite with blue solar panels is shown. In the bottom left, a white lunar rover with red stripes and a satellite dish is on a blue, cratered moon. In the bottom right, a purple spaceship with yellow accents carries two children, a girl with brown hair and a boy with brown hair, both smiling. The title text is centered within a white rectangular box with a thin black border.

Lesson 113

In the desert

Warm-up

What can you see?
What's the weather like?

02

Practice

Story time

Look at the three pictures. Read out a story.

1. Which animal is this?
2. What's the weather like?
3. Where is it?
4. Is there water or grass?
5. Does the animal feel tired?

Story time

6. Where's the camel going now?
7. Which animal is following the butterfly?
8. Where are they going?

Story time

9. Where're the camels now?
10. What are they drinking?
11. How many camels are there?
12. Are they thirsty now?

Story time

Today is the driest day of the year. A camel is thirsty and hungry in the desert. There is no water and grass. His friend, the butterfly, comes to help him. It says, 'Follow me!' The camel and the butterfly go through the desert. Suddenly, they see a beautiful lake. The grass and water taste really good. Another camel is also beside the lake. 'My dear friend, you are here, too!' He says happily.

Do a quiz

Do the world quiz! How much do you know? Read the following sentences. Is it right or wrong?

1. The moon is nearer the sun than our planet.
2. The days are longer than the nights in summer.
3. In the desert, it's hotter at night than in the day.
4. Whale is the largest creature in the world.
5. The sound of a bee is louder than a lion's.
6. A giraffe is higher than a horse.
7. Jungles are usually wetter than forests.
8. Only 30% of the water in our planet comes from the oceans and seas.

Do a quiz
