# Let's talk!

# Introduction.

Timmy and his younger sister Emma are talking about why people shouldn't eat gum.

What are you eating? Can I have some?

No. **Gum** is not for little kids. And I'm just **chewing** it, not eating it.

Why can't I eat gum?  
It looks just like candy.

Because gum is **sticky**.  
**If you** swallow gum,  
**you might** get sick.

Get sick? It sounds  
so serious. So why  
is gum sticky?

Because it is made  
from some special  
sticky stuff, which  
makes it really fun to  
chew

Oh, I see. But I really want to taste it. Just give me one piece, please. Only one piece. I'll just chew it. I promise!

OK, then, but don't eat it! Now let me teach you how to blow **bubbles**.

Yeah! Let's have  
a bubble blowing  
competition!

Ha-ha! Seriously?  
You'll never beat  
me!
