THE MAGICAL FOREST

One day, Cindy invited Anna to come over and play dress-up. Cindy and Anna loved to try on different dresses. They were in an upstairs room when they found a very special mirror.

Where were Cindy and Anna when they found a special mirror?

It was a very old **magic mirror** covered in **dust**. The mirror was a portal into a strange world. Anna looked through it and saw a magical forest. She didn't want to go, but Cindy couldn't **resist**. Soon, Cindy and Anna were in the magical forest.

What would you do if you saw a door to a strange world?

In the forest there were many tall trees. The trees were so tall that they blocked out all the sunlight. Anna and Cindy walked through the forest in their beautiful dresses. They walked slowly and looked at the different plants.

Suddenly, the girls came to a **clearing** with flowers that looked like a **sunset**. In the clearing were many different colored tulips.

Beyond the flowers was a pond. In the pond were some royal lilies. Frogs swam between the lily pads to cross the pond.

What did the girls see in the clearing?

Anna looked up to see that the sun had begun to set. "It's getting late," said Anna. Cindy agreed that it was time to go home. That's when they saw the big Venus flytrap. It was on the edge of the pond snapping at bugs.

"I'll eat you too!" yelled the Venus flytrap. Then it **lurched** forward and tried to **snap** at Cindy and Anna. Luckily, Cindy pulled Anna away from the **evil** plant.

What was the Venus flytrap in the story like?

Anna and Cindy ran away from the pond and toward the mirror. They ran through the tulip clearing and under the tall trees. It was almost dark by the time they reached the magic mirror.

Back at home, Cindy's mom had made the girls a big Sunday dinner.

"How was playing dress-up?" asked Cindy's mom.

The girls tried not to laugh.

If you were Anna or Cindy, would you go back to the magical forest?
