

Are You Ready?

Listen to me. → → Eyes on me. ← ←

Review

You are going to:

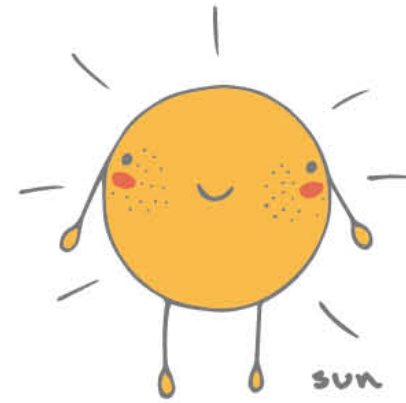

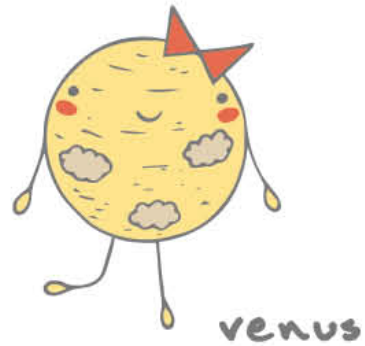

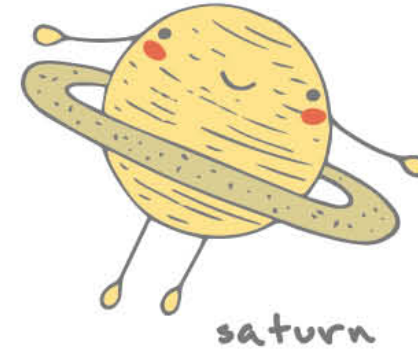

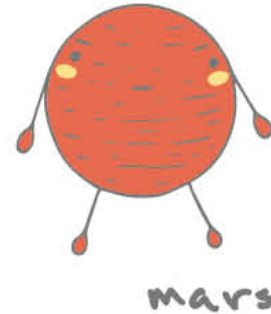

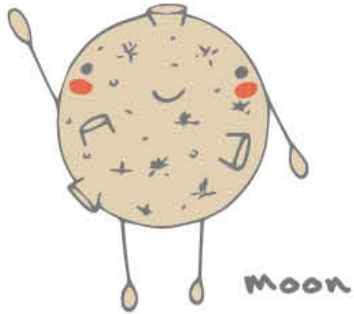

review what you have learned in Lesson 5, 6 and 7.

Warm-up

Which one can shine by itself?

Lesson 5

Review

Activity

Match the pictures with the words and make sentences.

travel

spaceship

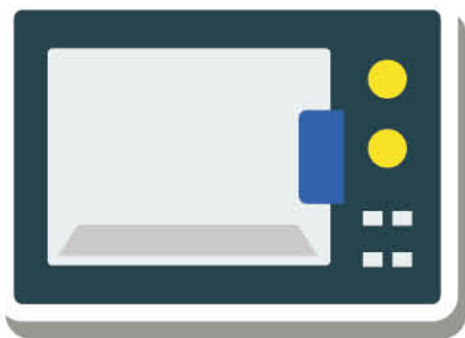

boiling

planet

Activity

Complete the dialog using "heat up" and role-play.

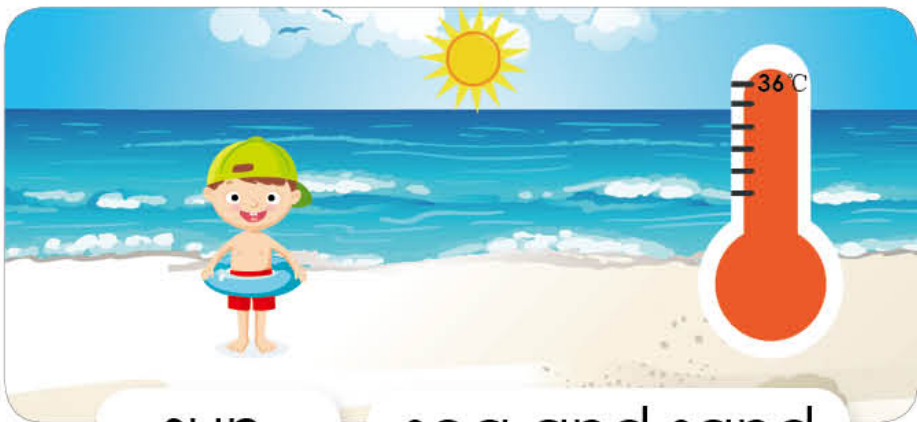

microwave oven

noodles

How did you heat up your noodles?

sun

sea and sand

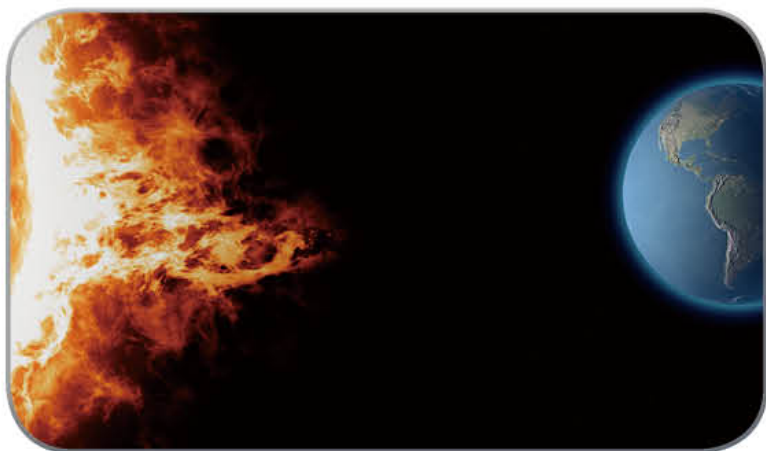

Is it cold to swim in the sea?

No, because...

Activity

Complete and role-play.

What would it be like if there were no sun?

How does the Sun heat up Earth?

How long does it take for the sunlight to reach Earth?

Hints: dark and frozen world sunlight 8 minutes

Lesson 6

Review

Activity

Match the definitions with the words and make sentences.

A piece of equipment used for making distant objects look larger.

To travel around an area in order to find out about it.

A long distance when you travel from one place to another.

Costing a lot of money.

journey

expensive

telescope

explore

Activity

Make sentences using the phrasal verb “go over”.

travel book — make travel plan

note book — the exam

Activity

Read and talk to the teacher.

Later, in 1969, the moon was visited by people. It was the first time that humans had walked on the moon. Other places haven't been visited by people yet, but we have sent out spacecraft and robots to explore more.

When was the moon visited by people?

Empty speech bubble for student response.

What have people done to explore more of space?

Empty speech bubble for student response.

Would you like to go to the moon?

Empty speech bubble for student response.

Activity

Read and talk to the teacher.

The future looks bright for space exploration. Many people would like to travel into space, so we could see some kind of really expensive “space bus” in the future. Some people even joke about that one day we will see a supermarket on the moon!

What will people take to travel into space in the future?

Empty speech bubble for student response.

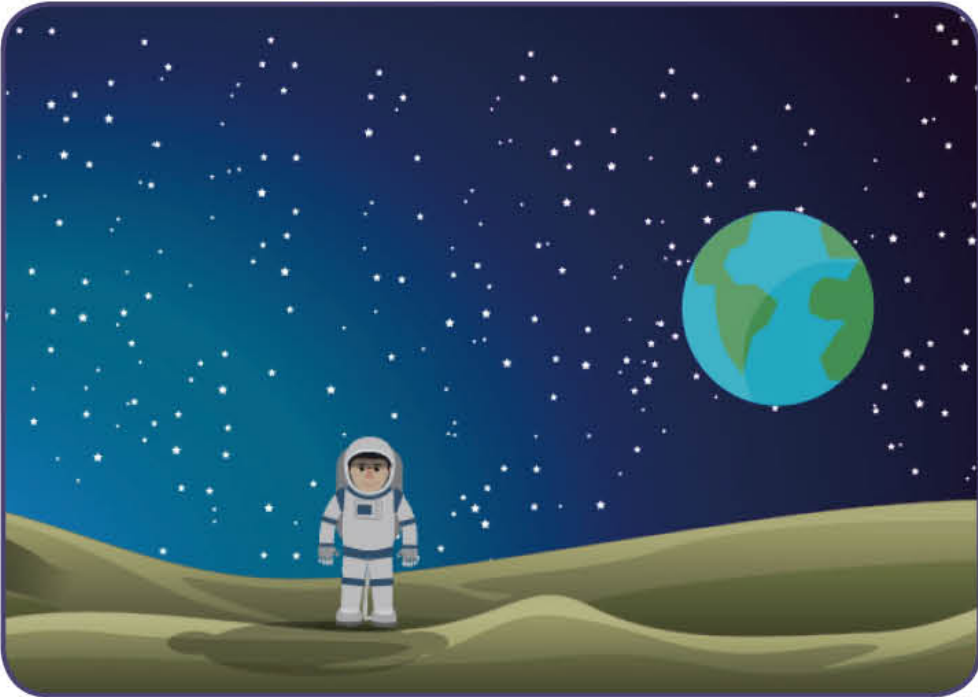

What do you think might happen on the moon in the future?

Empty speech bubble for student response.

Writing Project

Write a passage about humans exploring the moon.

Hints: in 1969 visited
future supermarket

Let's talk!

What do you know about humans exploring the moon?

Lesson 7

Review

Activity

Match the words with the pictures and make sentences.

shine

reflect

revolve

moonlight

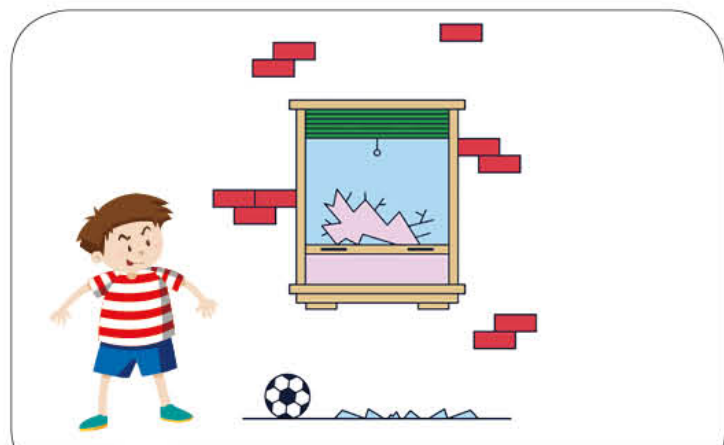

Activity

Make sentences using the phrasal verb “get away with”.

thief can't robbing a bank

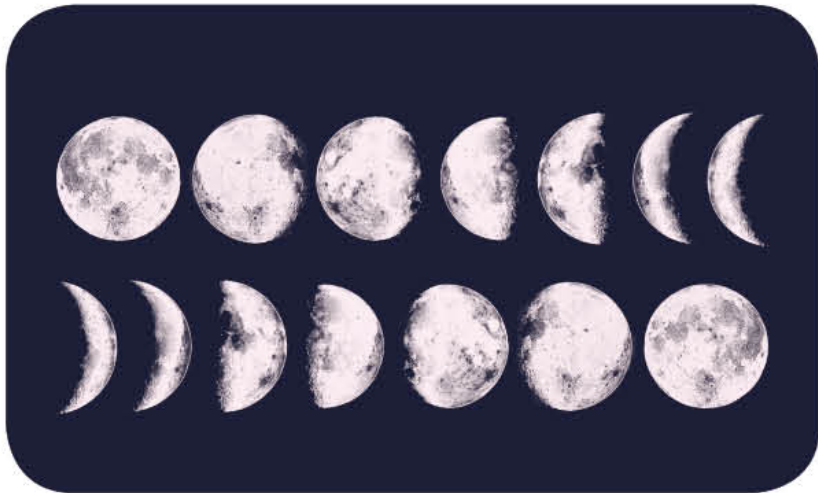

thinks - breaking the window

Activity

Complete and role-play.

Why is the moon so bright?

Why do we sometimes only see part of the moon, or nothing?

Hints: reflects revolves Earth hidden

Today I reviewed:

Topics

Nature —

- The sun
- Our solar system
- The moon

Words

 planet, spaceship, boiling, travel

 telescope, journey, explore, expensive

 reflect, shine, revolve, moonlight

Grammar

Phrasal verbs

 So how does the Sun **heat up** Earth from that distance?

 So let's take some time to **go over** what we know about space...

 Then we can **get away with** playing all night!

SEE YOU SOON!
