Listen to me.

Eyes on me.

A Math Problem

$$\$20 - \$14 = \$6$$

$$\begin{aligned} \$20 - \$2 - \$2 - \\ \$2 - \$2 = \$? \end{aligned}$$

You are going to learn:

Topic: Numbers — A math problem

Words: save, cost, comic, times

Sentence pattern: Why not...?

Sing a Song

TEN LITTLE FINGERS

One little, two little, three little fingers.

Four little, five little, six little fingers.

Seven little, eight little, nine little fingers.

Ten little fingers on my hands.

Let's prepare!

Vocabulary

They **save** money
in their piggy bank.

save

Which one do you
use to save money?

Vocabulary

The bag **costs**
30 dollars.

cost

How much does the
sweater cost?

Vocabulary

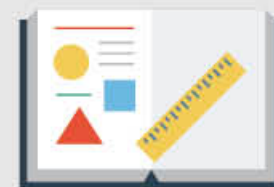

The girl likes **comic** books.

com·ic

Which is a comic book?

Vocabulary

$$6 \times 3 = 18$$

Six **times** three
is eighteen.

times

What is two times four?

$$\square \quad 8 \quad \square \quad 2$$

Let's read!

Timmy has **saved** twenty dollars from his allowance. Now he is making a spending plan.

How much has Timmy saved from his allowance?

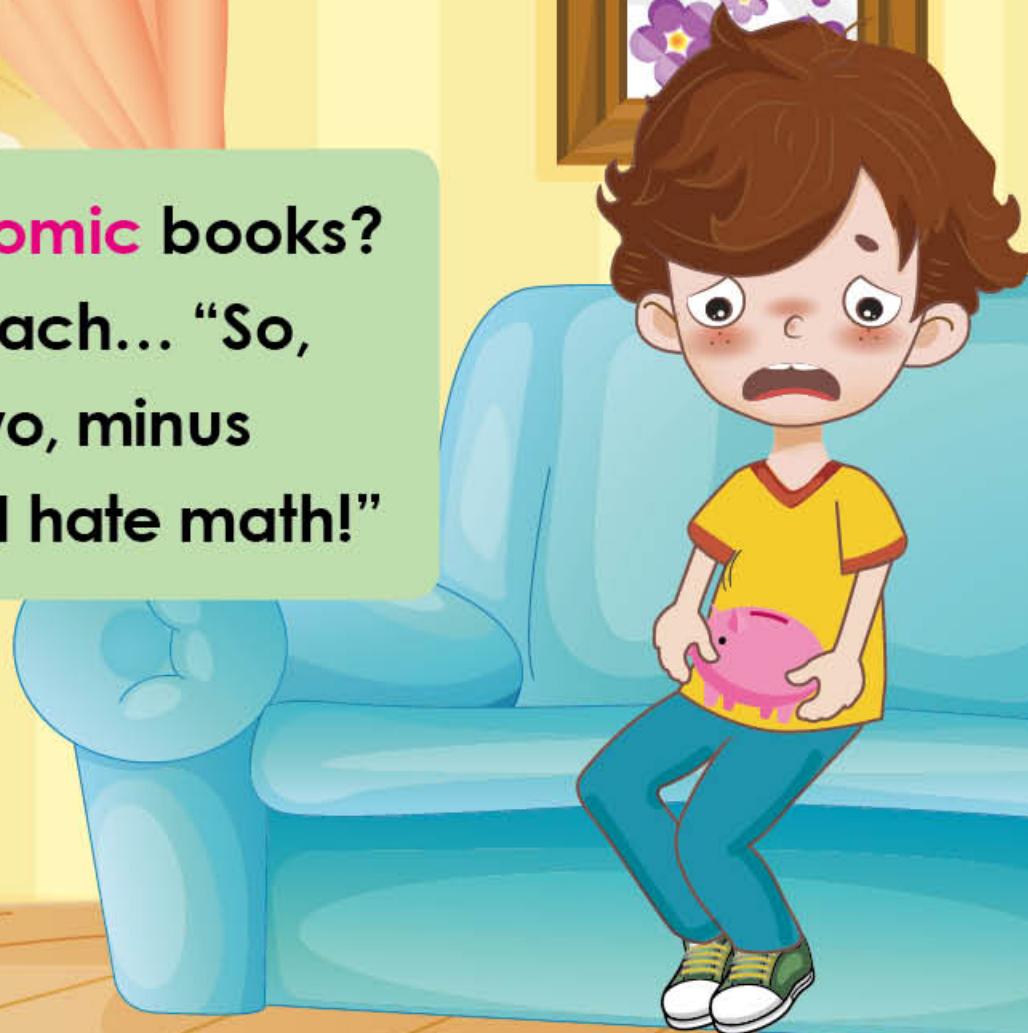

He has wanted a sports watch for a long time. A sports watch **costs** about fourteen dollars. "Twenty minus fourteen is six. Only six left! Oh no! A sports watch is too much for me!"

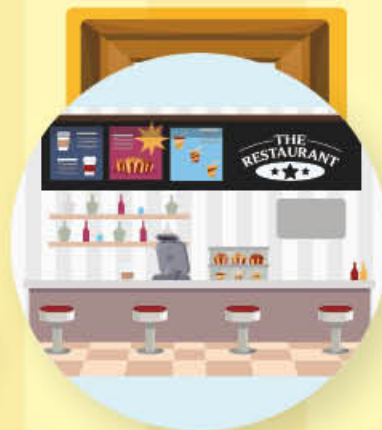

What does Timmy want to buy?

Why not buy those four **comic** books?
They are only two dollars each... "So,
twenty minus two, minus two, minus
two, minus two... is... Ugh, I hate math!"

Can you help Timmy solve this math problem?

**“Wait! It is Father’s Day tomorrow.
Why not take Dad out to lunch? He
has done so many nice things for me.
And Mom, too.”**

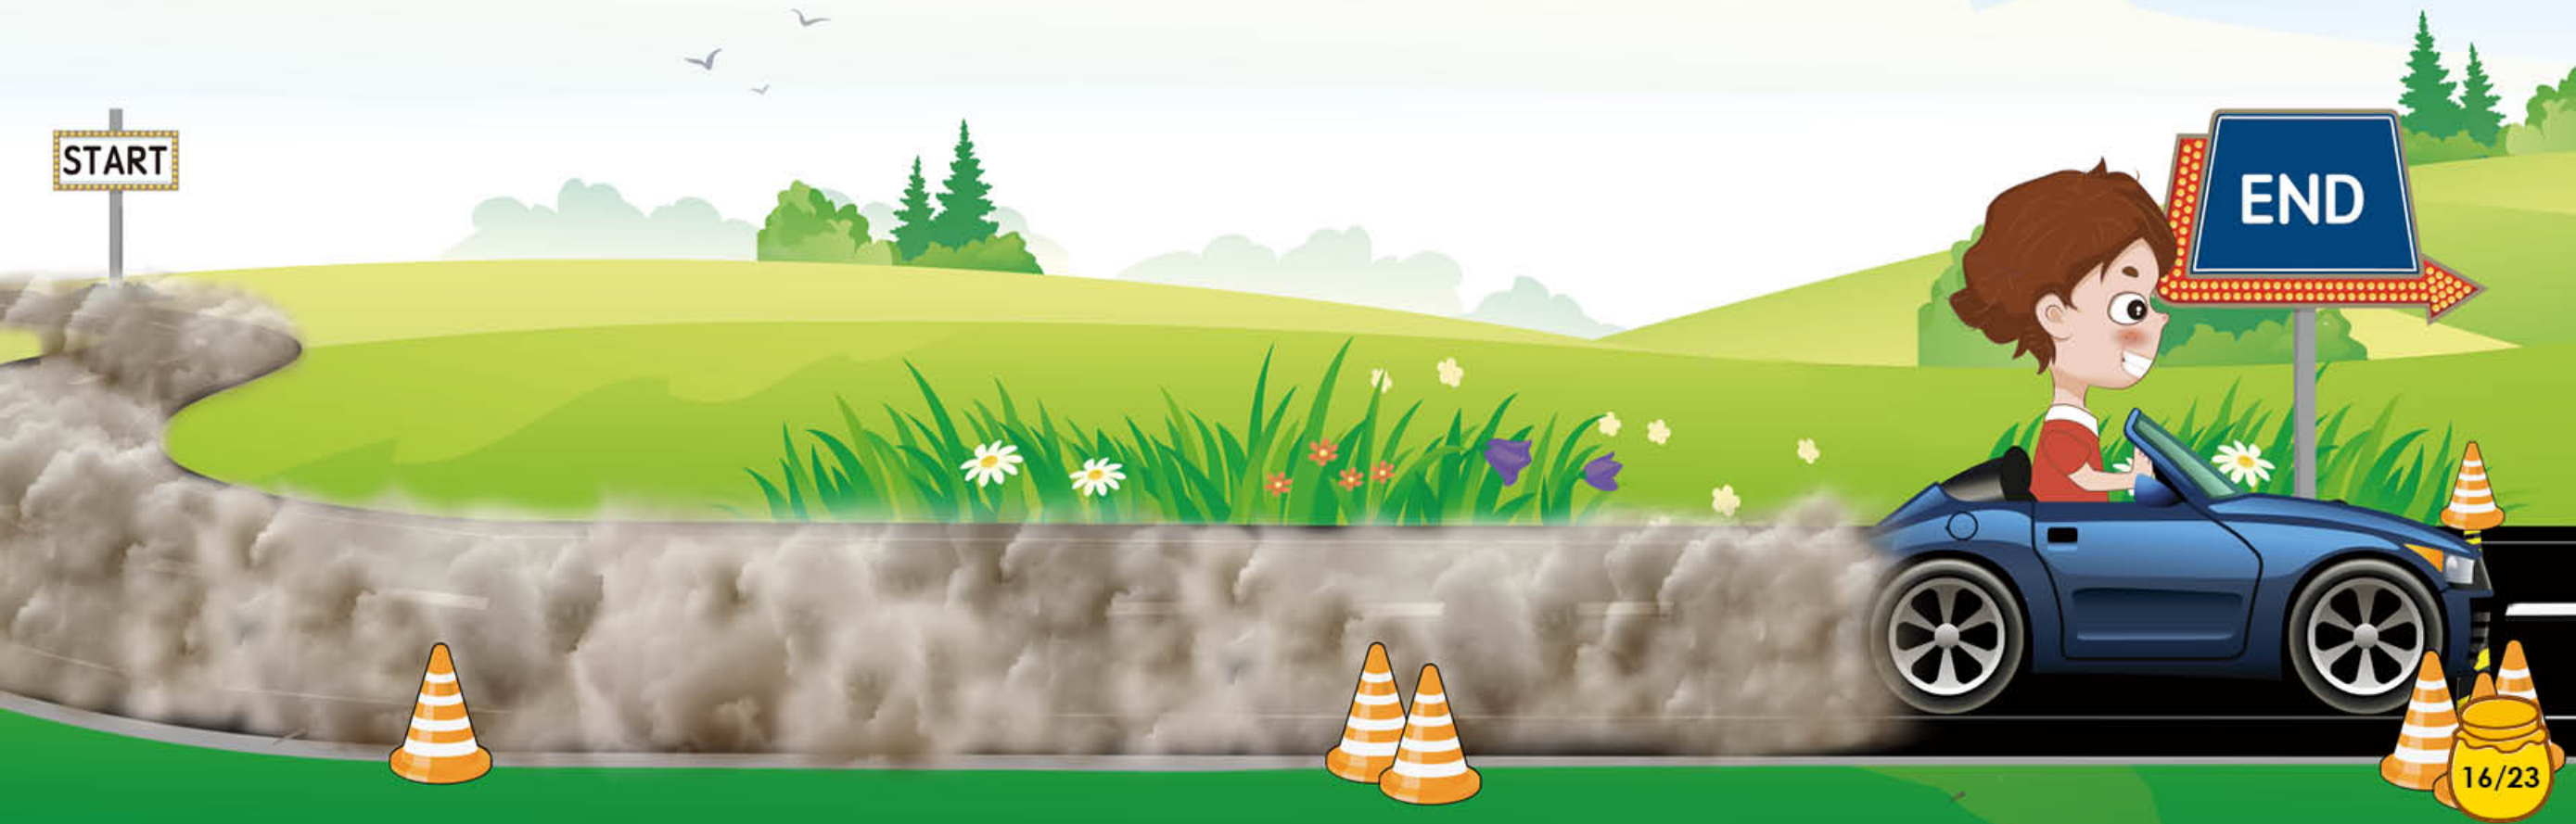

What is Timmy's new plan?

Timmy really wants to pay the lunch check himself, because he will feel like an adult. An Extra-Value-Meal costs six dollars per person. Six dollars **times** three is eighteen dollars. Twenty minus eighteen is two. "Great! I can still save two dollars for my Disneyland Fund!"

Why is Timmy excited about paying the check himself?

Let's practice!

Activity

Make sentences using the words in the Word Bank.

Two times three is six.

Word Bank: cost times save comic

Activity

Talk about Timmy's spending plans.

Timmy's spending plans	A sports watch	
	Four comic books	
	Three Extra-Value-Meals	

Timmy's first plan is to buy...

Activity

Talk to the teacher.

Plan	Cost
	$\$14 \times 1$
	$\$2 \times 4$
	$\$6 \times 3$

How much does each plan cost?

The sports watch costs...

Writing Preparation

Prepare for your writing by answering the question.

*A Penny Saved is
a Penny Earned.*

Let's talk!

What would you do with a 20 dollar allowance? (\$20=¥135)

Writing Project

Write a passage about your spending plan.

*A Penny Saved is
a Penny Earned.*

Let's write!

If I got a \$20 allowance, I would...

Hints: save spend
