# Introduction

Timmy and Grandpa  
are at a car museum.

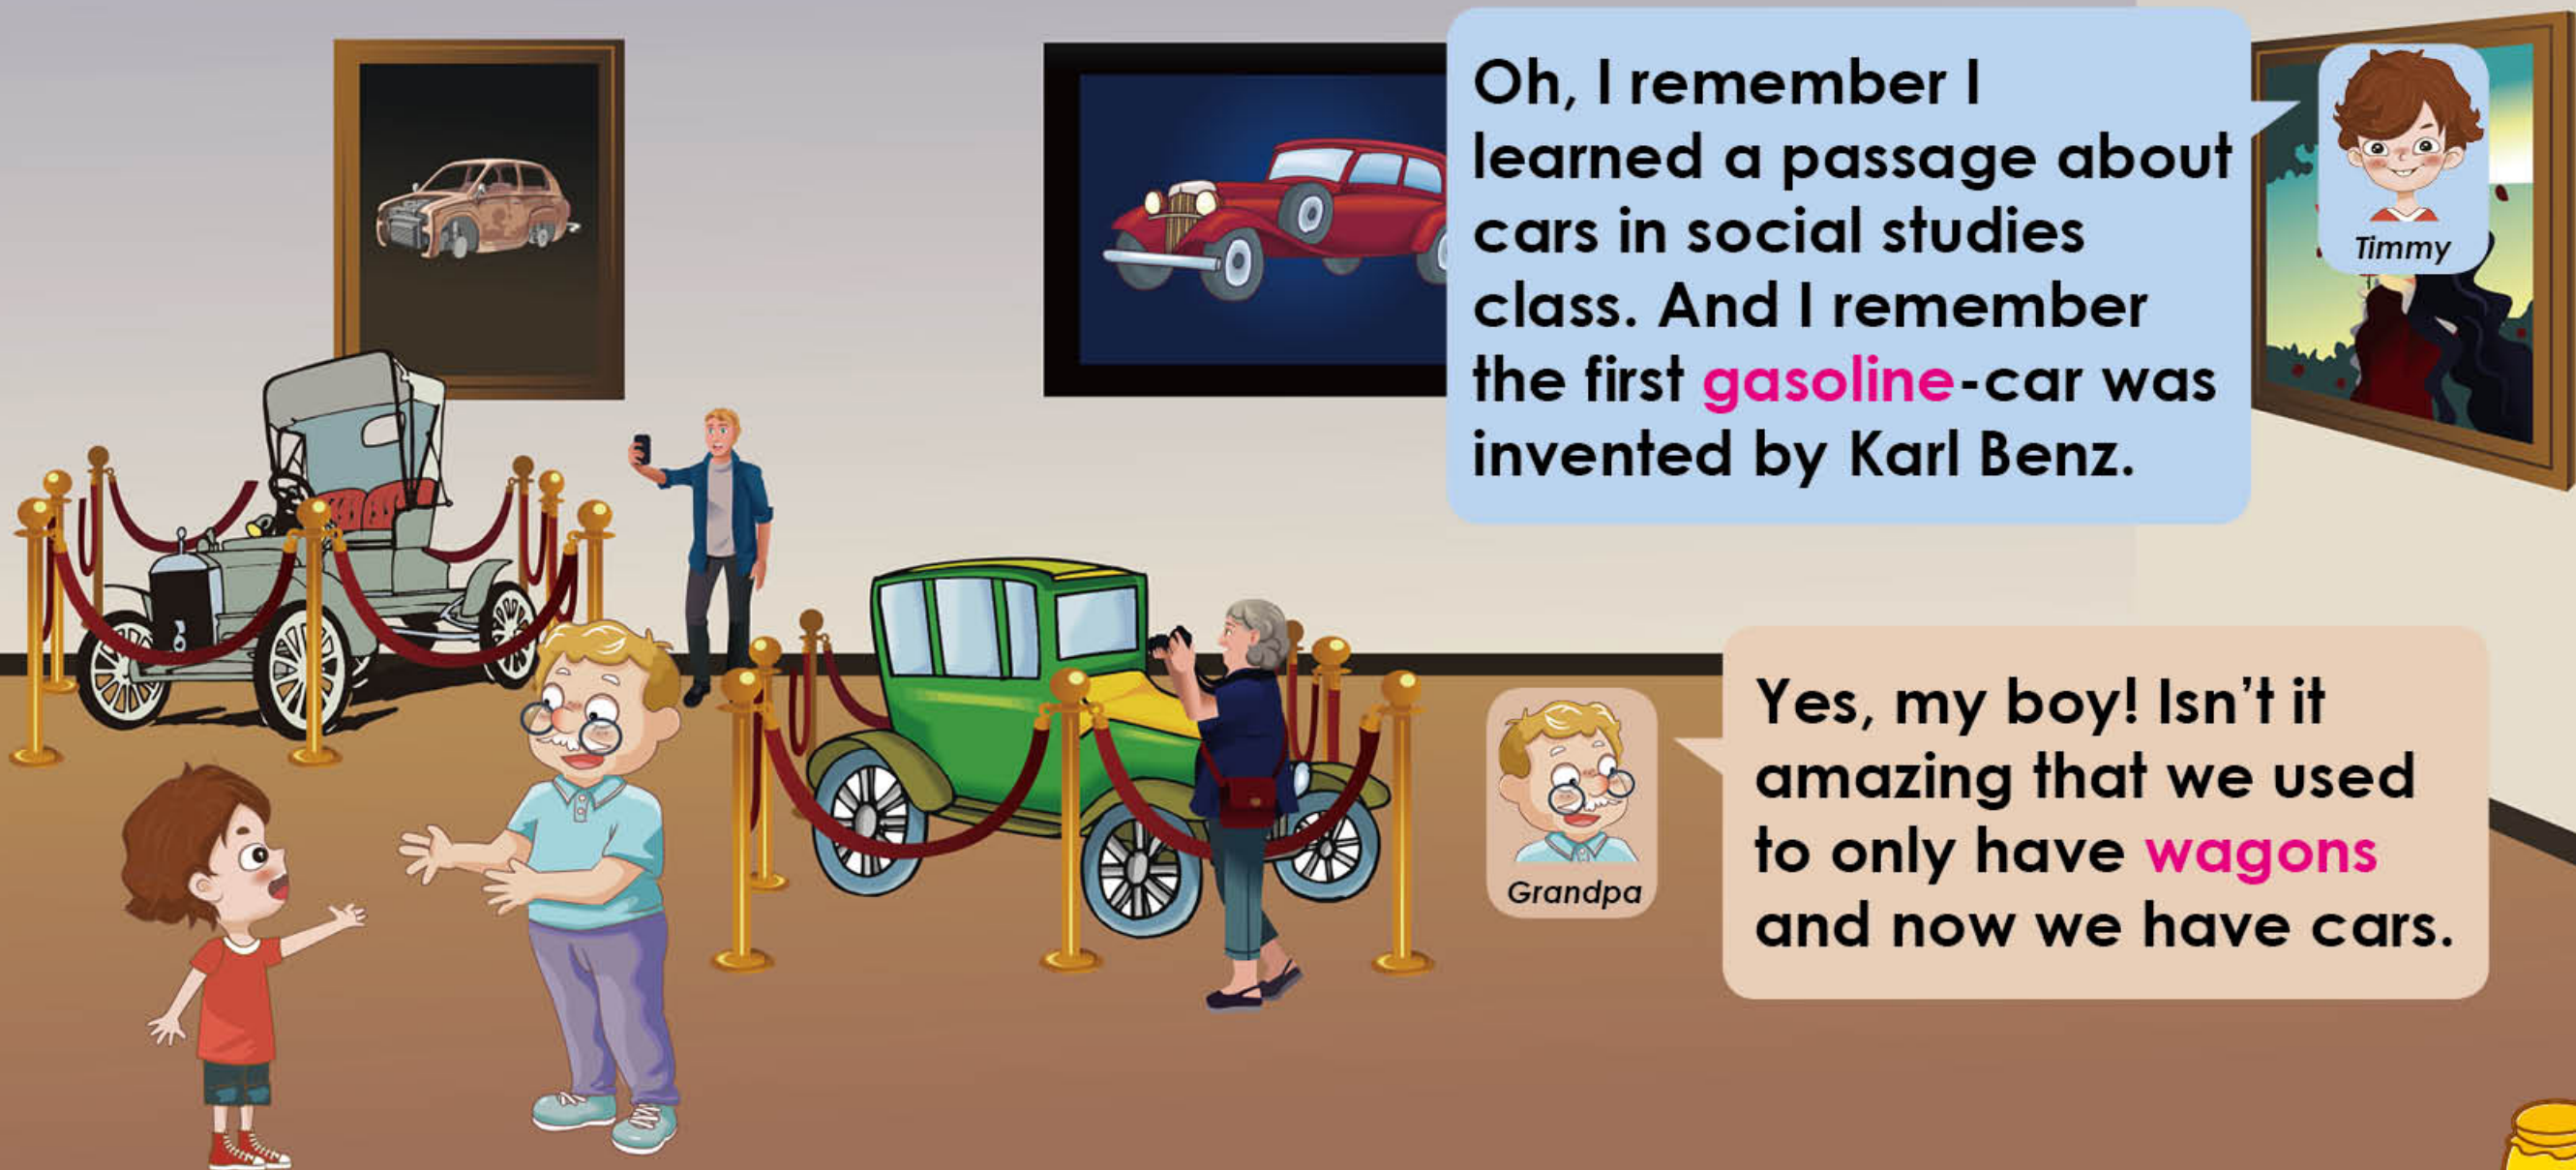

Look, Grandpa! These cars are really cool!

Timmy

Ah, yes. They are **vintage** cars. They were used by people in the early 20th century.

Grandpa

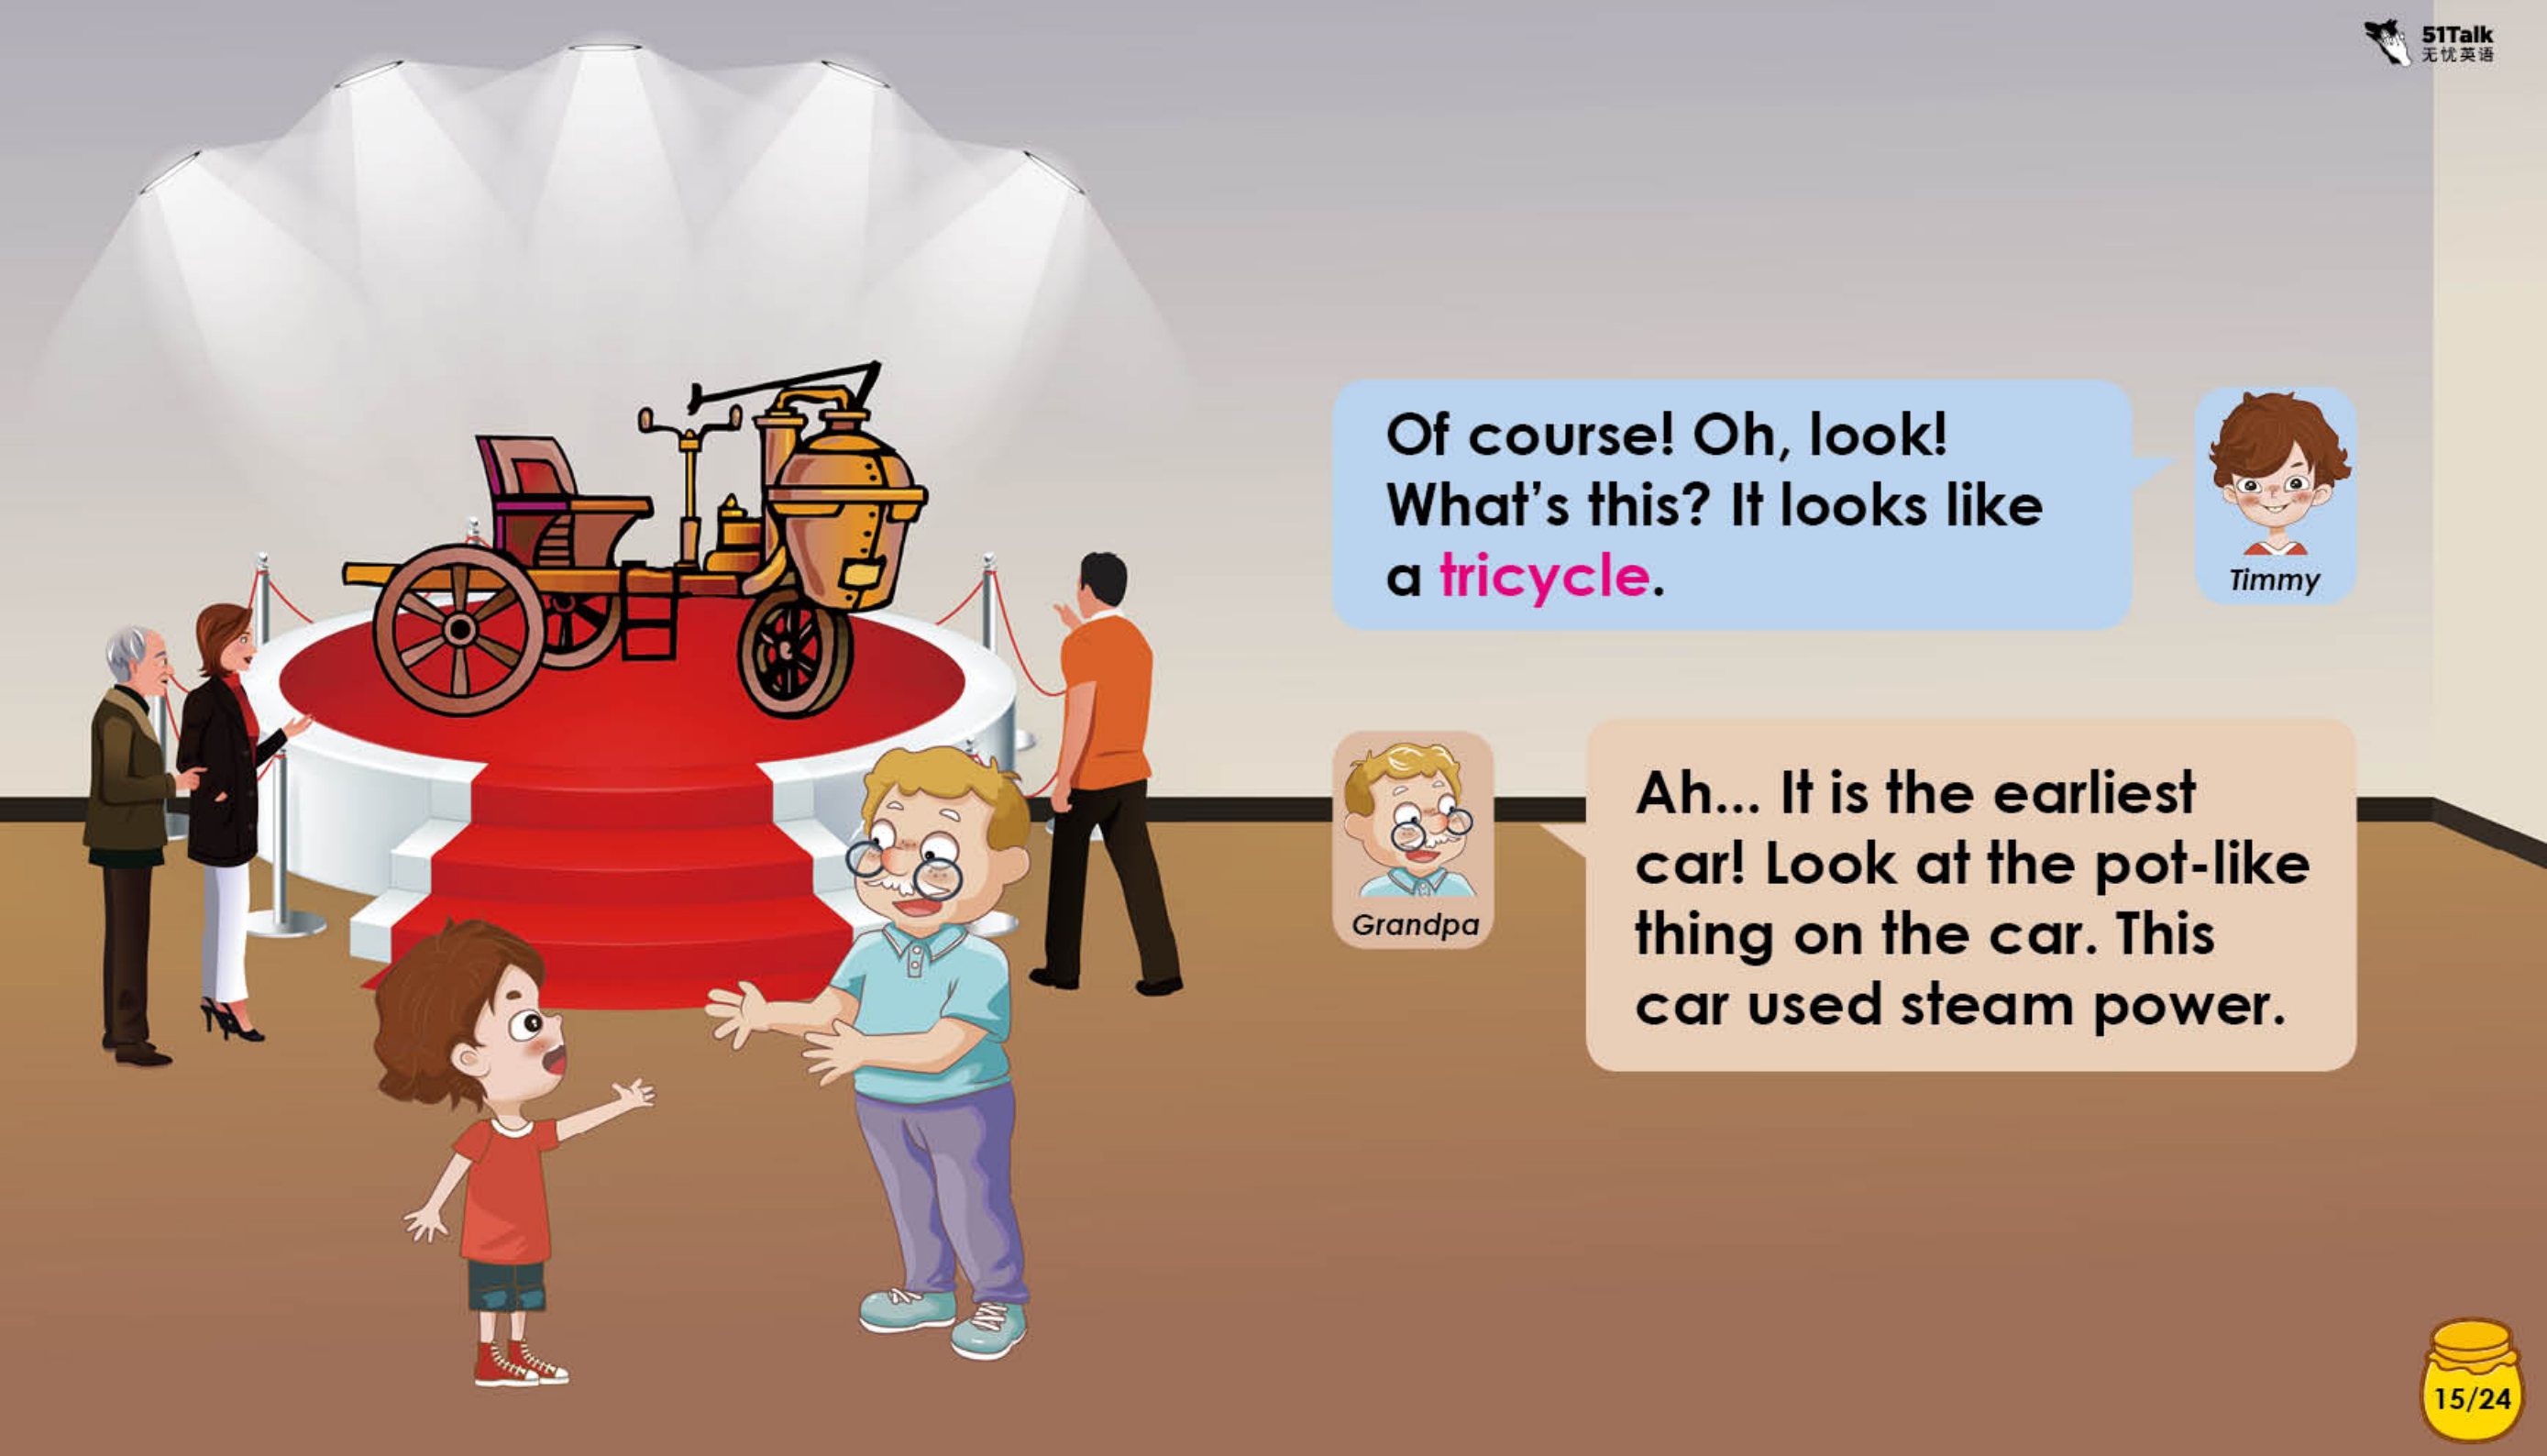

Oh, I remember I learned a passage about cars in social studies class. And I remember the first **gasoline**-car was invented by Karl Benz.

Timmy

Yes, my boy! Isn't it amazing that we used to only have **wagons** and now we have cars.

Grandpa

Of course! Oh, look!  
What's this? It looks like  
a **tricycle**.

Ah... It is the earliest  
car! Look at the pot-like  
thing on the car. This  
car used steam power.

So, the earliest car was powered by steam.

Yes. The pot **filled with** water was heated by coal. Then the steam from the pot drove the car.

### Grammar

#### Phrasal verb: fill with

"Fill with" means to put something into a container and make it full.

**e.g. He filled the bottle with water.**

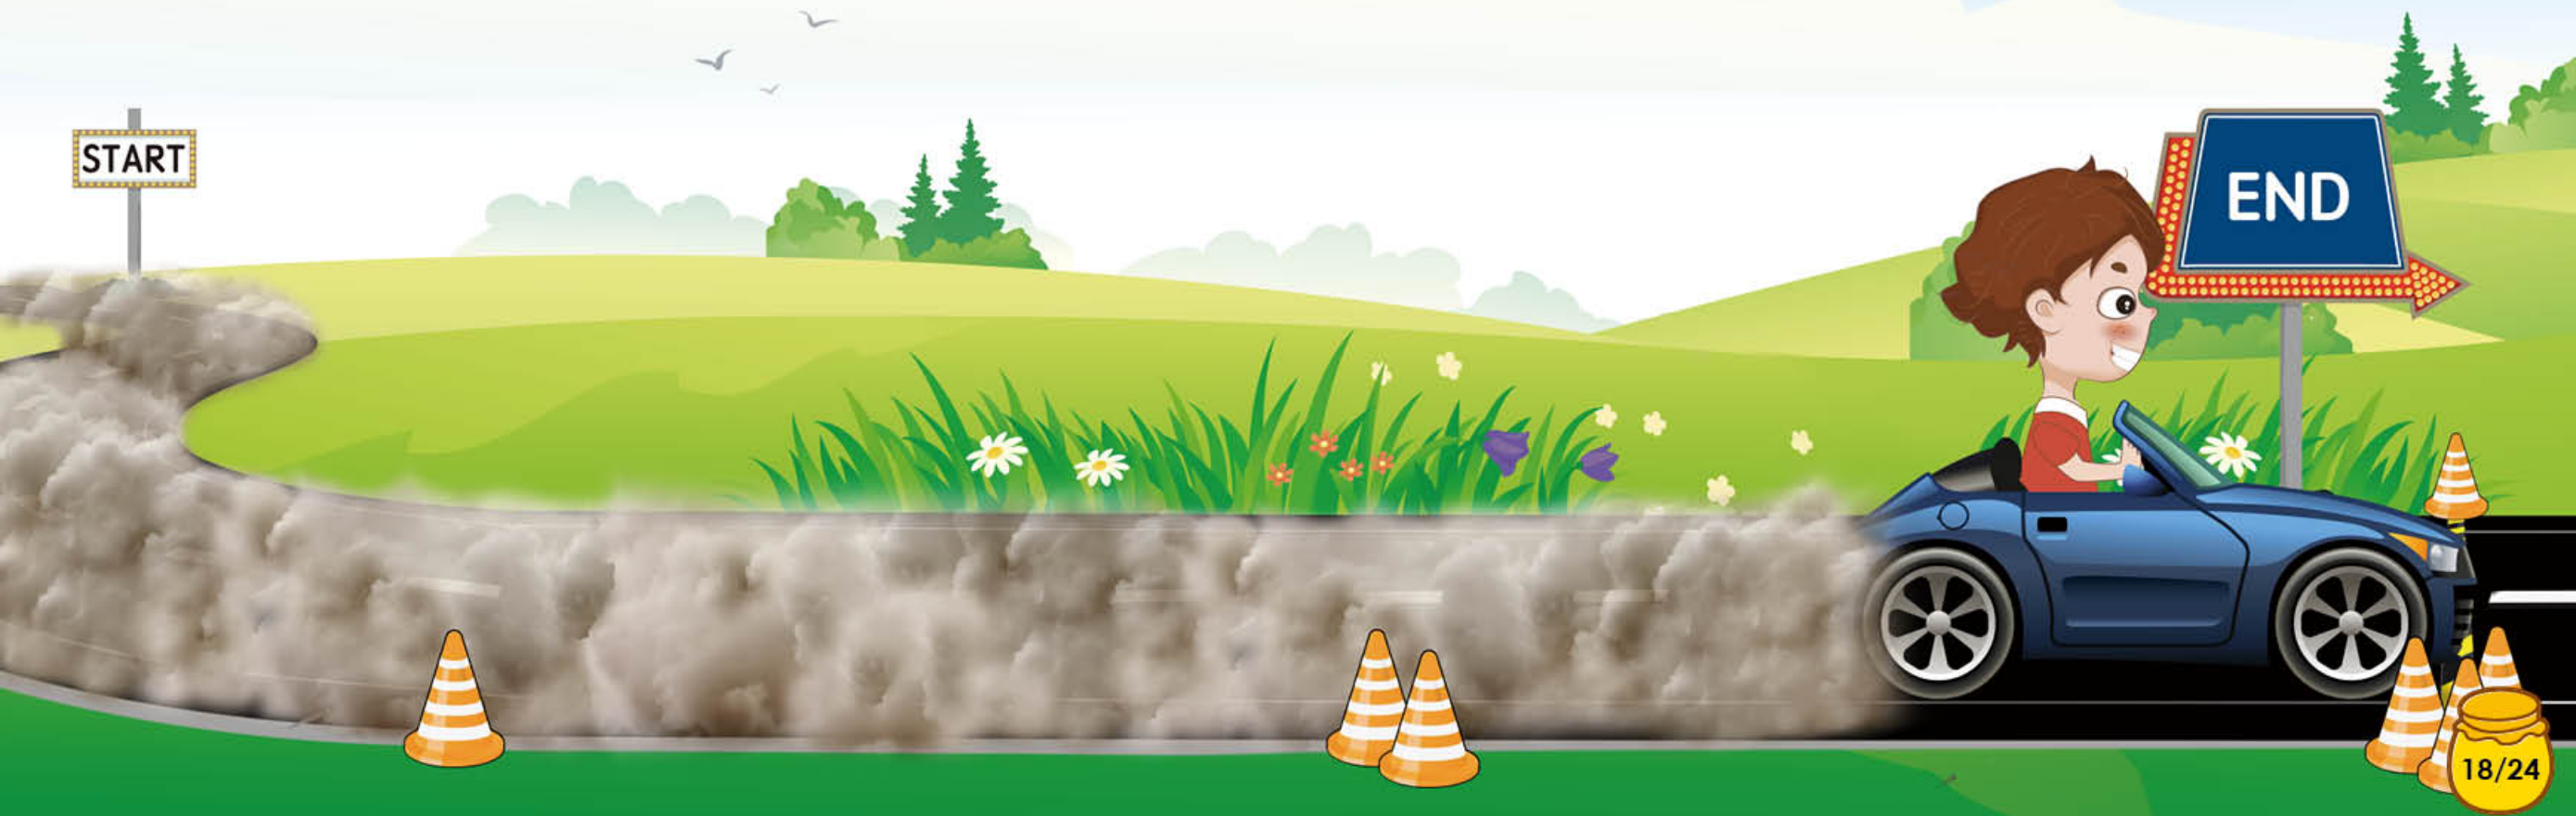

Cool! I'll take a picture of it and show Pedro on Monday.

That's a good idea!
