Music

Classical Music

Classical music has the longest musical history. It began in Europe and then spread to the whole world. Have you ever been to a classical music concert? This type of music is played using many different kinds of musical instruments. And did you hear that the world's most expensive musical **instrument** is a Stradivarius violin, which was sold in 2006 for \$3,544,000?

What's the world's most expensive musical instrument?

Fast Reading

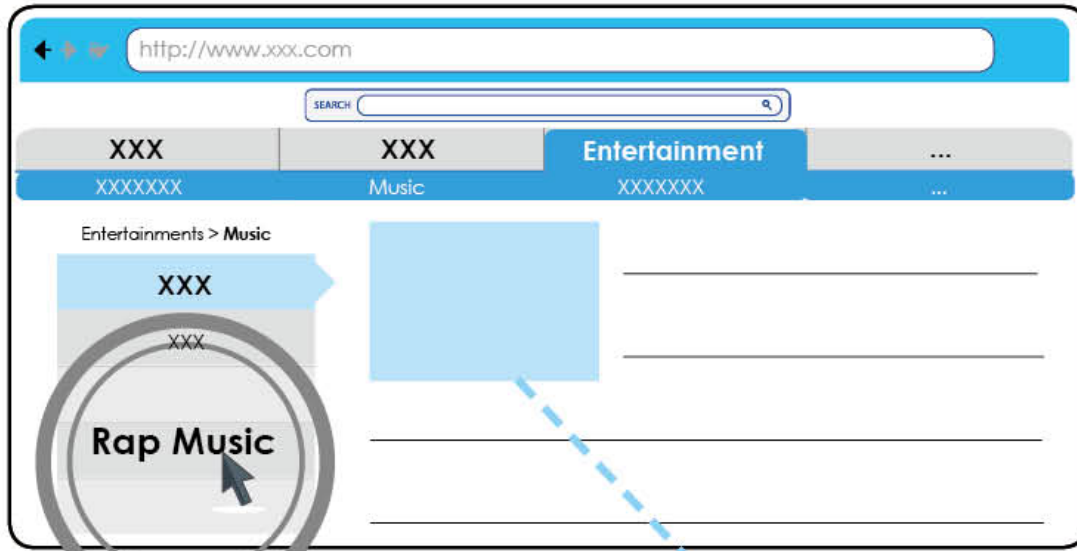

03:00**Entertainment****Music****Rock Music**

Rock music became popular in the 1950s because it was simple, fast, fun and you could dance to it. It's mainly played with an electric guitar and drums. As one of the world's oldest instruments, drums have stayed the same shape for thousands of years.

Which heading does "Rock Music" belong to?

Music

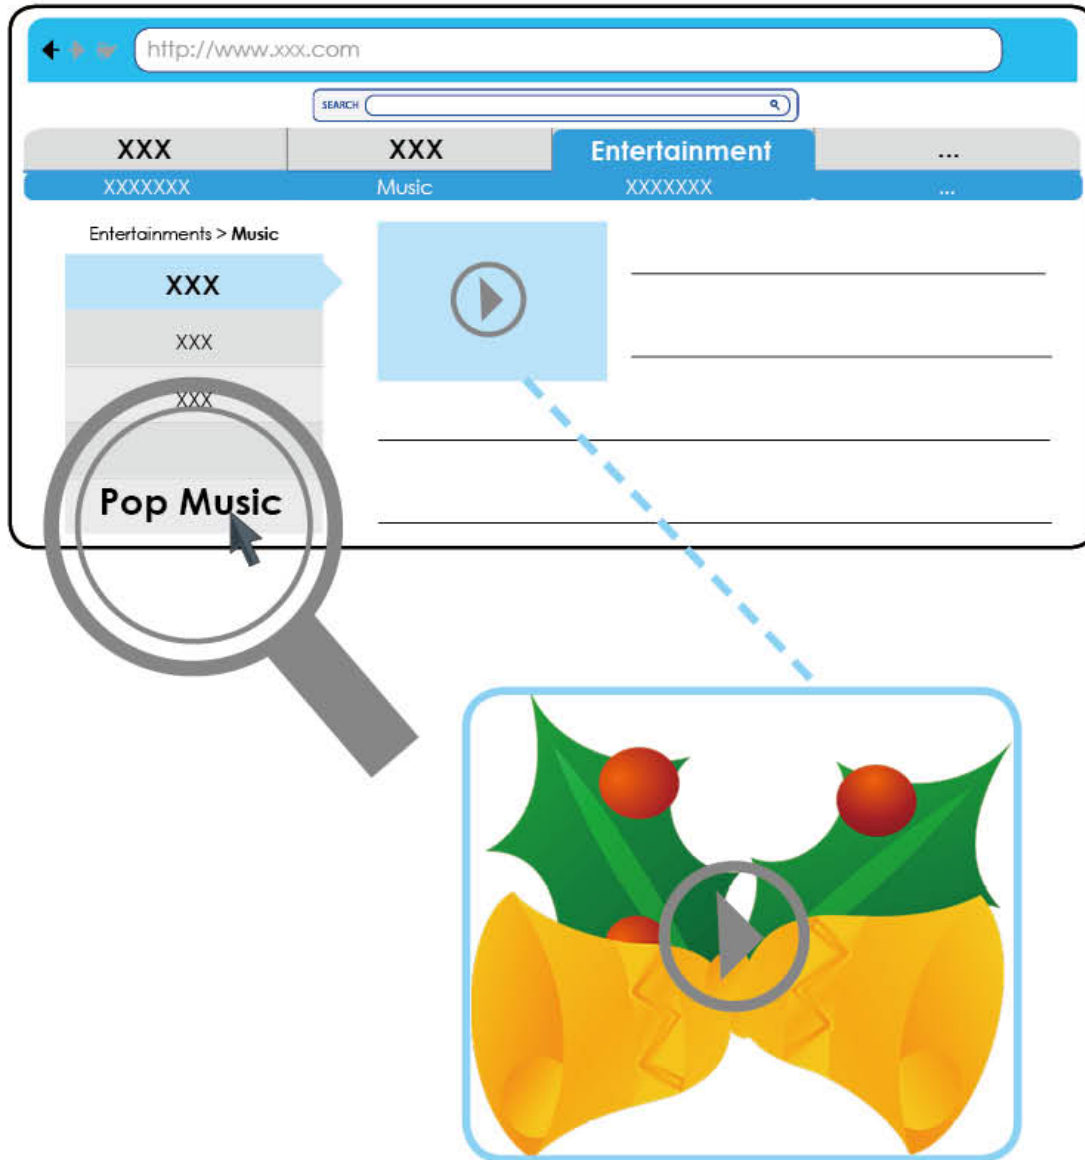

Rap Music

When you listen to **rap** music, your heart beats faster than usual and you feel excited. That's because your **heartbeat** changes to **mimic** the music you listen to. People who perform rap music are called rappers. Rapper NoClue is one of the world's fastest rappers. He can say 14 syllables per second (e.g. there are 3 syllables in the word "ba-na-na").

Why do people feel excited when listening to rap music?

Pop Music

You probably hear **pop** music everywhere you go without even **noticing** it. It is often played on TV, the radio, in taxis, stores, and even in public toilets! Pop music makes a lot of money too. Many famous pop stars don't actually write their own songs. Barry Manilow, an American singer, didn't write the **lyrics** or music of his song called "I write the songs".

Where can you hear pop music?
