We are going to learn how to find information on the Internet.

**Warm-up****2** min

How many hours do you spend on your computer every day?

What do you do on your computer?

**Reading****3** min

Read with the teacher and then answer the question below.

Nowadays, it's quite easy to find information about anything in the world if you know how to use a **computer** connected to the **Internet**. Let's read a guide on how to find information on the Internet.

What do you use the Internet for?

To be continued... >>

Reading 4 min

Read with the teacher and then answer the questions below.

Step 1 Open your Internet **browser** and go to a **search engine**.

Do you use any of these Internet browsers?

Do you use any of these search engines?

To be continued... >>

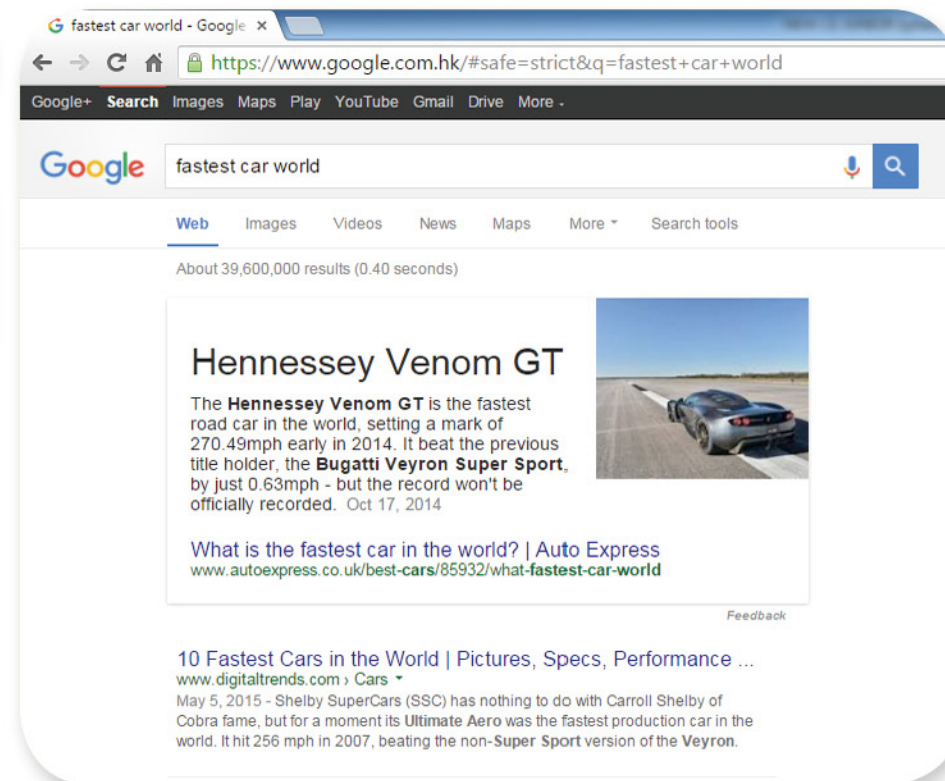

Reading

3 min

Read with the teacher and then answer the question below.

Step 2 Type only **keywords** into the search engine.

For example, if you want to know what the fastest car in the world is, you only need to type **fastest car world**, and then press "Enter".

What keywords should you type in the search engine, if you want to find the name of the richest man in the world?

To be continued... >>

Reading

4 min

Read with the teacher and then move to the Word Focus.

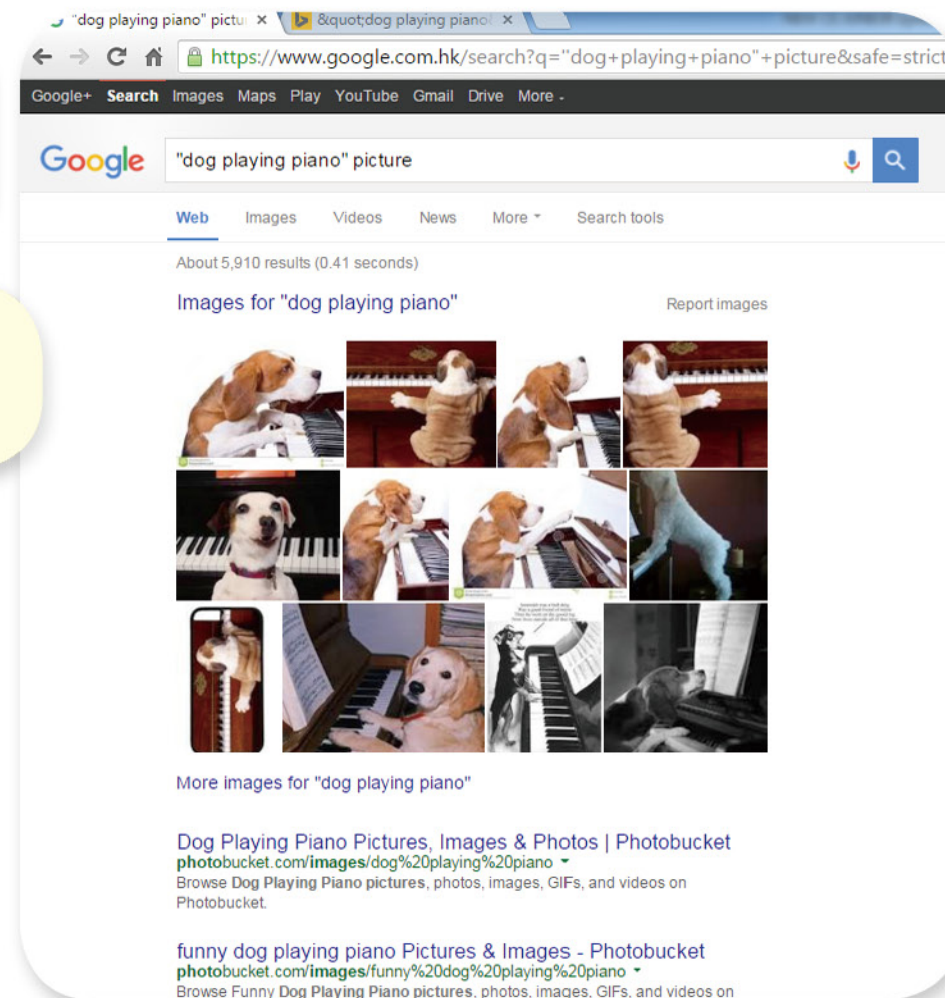

Step 3

If you're looking for something **specific**, you can group the keywords using quotes to get better results.

For example, if you want a picture of a dog playing the piano, you can type: **"dog playing piano" picture**.

Word Focus

- Teachers always give **specific** instructions to students.
- Do you dislike any **specific** kinds of food?

Let's practice. >>

**Task****4**

min
