Read with the teacher and then move to the Word Focus.

Today is an exciting day for Max at school. A local company has **donated** all of their old computers to Max's school and his class will be the first to try them out. Max and his classmates can't wait to set up the computers and start using them in class.

Word Focus

- People often **donate** clothes, money, and other things to people or to charities that need help.
- What was **donated** to Max's school?

Read with the teacher and then answer the question below.

Before the students can **access** the computers, they need to make their own **usernames**. The teacher tells Max he should choose a special name and a picture for his profile, then shows him where to enter the information.

Why does Max need to enter a username?

Read with the teacher and then answer the question below.

Now, Max's teacher explains to him that he needs to set a password so that other people can't access his **profile**. Max thinks of a good **password** that nobody else will guess. He knows he must keep it a secret, even from his classmates.

How long do you think a password should be?

**Reading****4** min

Read with the teacher and then answer the question below.

Now that Max and the other students have set up their profiles, their teacher explains that they can use the new computers for their schoolwork. They find it's much faster to **type** up their schoolwork than to write it all by hand.

How many words do you think you can type in sixty seconds?

**Task****4** min
