

What does your classroom look like?

#### Read with the teacher and then answer the question below.

My name is Ruchika and I am 13 years old. I live in a village in northern **India** and I go to a middle school that is quite far away from where I live.

What's the difference between the school in the pictures and your school?

### Read with the teacher and then answer the question below.

In order to get to school on time, I have to get up at 5 o'clock every morning to get ready. Sometimes one of my **neighbors** takes me to school on his elephant and I can read a book or enjoy the view on the ride. It's a **wonderful** feeling!

How would you feel if you rode an elephant to school?

#### Read with the teacher and then move to the Word Focus.

My favorite class is Information Technology, but we call it I.T. Our teacher is from America. He is very smart and has designed some basic computer software. We really like his class because he lets us play computer games for the last five minutes of the class.

#### **Word Focus**

- Tim finds I.T. class very interesting and fun.
- What is I.T. class like at your school?

### Read with the teacher and then answer the questions below.

There are some activities after school like art and writing, but students like me are unable to **attend** because we live so far away. It takes us two hours to walk home so we have to leave as soon as school finishes to get home before dark.

How do you usually get home from school? How long does it take?
