Have you ever stayed in a really nice/expensive hotel?

Yes, I have. A really nice hotel I've stayed at is the Manila Hotel which is located near Manila Bay in the Philippines. I stayed in a two-bedroom suite that had its own kitchen and wine **cellar**. From there I was able to enjoy the most stunning view of the sea.

What services and facilities are usually available in hotels in your country?

Normally, services such as "morning calls" and "calling taxis for customers" are available in hotels in my country. As for **facilities**, things such as **shower stalls**, TV sets, and wardrobes are provided. Some good hotels may have spas and swimming pools.

What factors are important when selecting a hotel?

When people select a hotel, they may consider two factors — the location and price. For the location, they look for a place that is near a historical site or a shopping mall. For the price, they look for a place with a **reasonable** price.

 Shorten your answer to 2-3 sentences. It's easier to get 5.5.
