Unit 6 Nature

Topic 1—Lesson 2(下篇)

Your favourite season

Read the task card for 10 seconds and get a general idea of this topic.

Describe your favourite season.

You should say:

what the season is

what features this season has

why you love this season

and explain the special thing about this season.

In the real examination, the examiner will ask you to prepare for 1 minute.

3.2 Here is another model for the IELTS Speaking Part 2. We will focus on the sentences highlighted below. (4 mins)

Model 2

What the season is: I think my favourite time of the year is spring.

What features: In Kunming, it's so beautiful all spring. The sky is blue and the weather is nice and warm. The flowers start to bloom and the leaves on the trees turn green.

Why you love this season: The main reason I like it is because it's not too cold and not too hot. It's an ideal season for outdoor activities like picnic and hiking. Since Kunming has many parks, my family and I would often go for picnics in the parks where we would play badminton, eat, rest, and look at all the plants and flowers.

The special thing about this season: The special thing for me about spring is that everything starts to come back to life again. The grass turns green, trees grow back their leaves, flowers grow and bloom, the weather is nice and the temperature is perfect. It just doesn't get any better than that. Spring is for sure my favourite.

You are required to talk for the full 2 minutes.

4. Imagine you are a candidate in the IELTS test. The teacher is an examiner. Please describe the topic below with what you have learned to make your description better. (5 mins)

Describe your favourite season.

You should say:

Key sentences

I have to say I am not that familiar with my neighbours. I know some of them **by face** and some of them by name only.

I do get along with my neighbours. There haven't been any problems with our **relationship** since I moved there. They are nice people who know how to respect each other.

I think the **main** reason why people know less about their neighbours is they have to go to work. They are busy and do not have enough time to try and get to know their neighbours.

Global warming is one of the most discussed **issues** of every country nowadays. Global warming is an increase in the temperature of the air around the world because of pollution.

Global warming is the result of people cutting down trees and air pollution. Due to modern technology, the problem with global warming is quite **alarming**.
