and explain how you felt about the culture.

3.2 Here is another model for the IELTS Speaking Part 2. We will focus on the sentences highlighted below. (4 mins)

Model 2

Where you went: In 2012, I quit my job. I went to Britain and stayed there for three months.

How you learned: During the three months, I got to know British culture, which is different from China.

What you learned: The most impressive part about British culture for me is the beliefs about the tomb. Britain people like to live next to burial grounds. It is totally different from Chinese culture. In China, tomb is always related to death; Chinese people believe that tombs bring them bad luck, so they stay far away from them. But in Britain it is a kind of culture heritage. Most Britain families have a religion and they believe the tomb is the nearest place to heaven. Although buried people are dead, their souls still keep their relatives and friends company and bless them forever.

How you felt about the culture: I was astonished by this culture, but I do admire their beliefs.

You are required to talk for the full 2 minutes.
