Describe a place you visited to learn about another culture.

You should say:

where you went

what you learned

how you learned it

and explain how you felt about the culture.

In the real examination, the examiner will ask you to prepare for 1 minute.

2. Here are the two models for the IELTS Part 2. We will focus on the sentences highlighted below. Students are required to recite these two models after class. (10 mins)

Model 1

Where: Well, the place that I'd like to talk about is Dalian. It is located in northern China and is called "North Bright Pearl(北方明珠)". I went there with my baby girl and wife last year.

How you learned: We stayed there for about a week, tried out the local food, went around the city and took a few photos.

What you learned: I found that it's totally different from Beijing. It has beautiful beach and almost all the people there like swimming. I also found something interesting about the customs there, for example, the language and eating habits. For the language itself, the Dalianer has their own accent. And for eating habits, they cannot live without seafood.

How you felt about the culture: Well, I felt happy to learn about the culture in Dalian because it really showed Dalian's features.

Model 2

Where: Well, I'm going to talk about the place, Lijiang, which is a small city in Yunnan Province, and it's one of the most popular **tourist attractions** in China.

How you learned: We were there for five days. I went around the beautiful historical town, and watched different kinds of performances.

What you learned: From what I have seen and heard, I have learned a lot about the culture there. For example, they speak another language to communicate with others instead of **Mandarin**. There are lots of people who cannot speak Mandarin at all, especially the seniors. For family members, **women are responsible for making money while men are responsible for spreading** the culture.

How you felt about the culture: I am happy to have known and experienced the different culture there. It was really an interesting trip.

You are required to talk for the full 2 minutes.
