Unit 8 Technology and invention

Topic 1—Lesson 2(下篇)

A piece of electronic equipment

IV. IELTS Speaking Part 2 (20 mins)

1. Read the task card for 10 seconds and get a general idea of this topic. (1 min)

Describe a piece of electronic equipment that you find useful.

You should say:

what it is

how you learned to use it

how long you have had it

and explain why you find this piece of electronic equipment useful.

In the real examination, the examiner will ask you to prepare for 1 minute.

2. Here are the two models for the IELTS Part 2. We will focus on the sentences highlighted below. Students are required to recite these two models after class. (10 mins)

Model 1

What and how long: I'd like to talk about a piece of **advanced equipment** at my home, the air conditioner. My parents bought it in a department store 20 years ago. We are happy to have such a perfect one. It was really a piece of advanced equipment at that time.

How you learned to use it: I learned how to use it just by the **instructions**, and I thought it was interesting to use this equipment; it felt like magic.

Why: I love it because it is really an excellent indoor heat exchanger. When we feel hot, we can use it to change hot air to cold air. When we are cold, we can get warm by using it. In addition, it has a good air supply, which can supply enough humid air for us. I can't imagine what our life would be like if we didn't have it. It is really **amazing**.

Model 2

What: I'll describe my iPhone 4 which was a birthday present given by my mom. I have waited for it for almost half a year. I have to say it really was **worth** the wait! So far, I've used many smartphones but the iPhone4 is definitely the best one.

How you learned to use it: At the very beginning, I learned how to use it by focusing on it, and touching it almost every single minute.

How long: I have been using my iPhone 4 since 2011, and it is still working.

Why: The touch screen is gorgeous and helps me type much faster than my other phones. The **operating system** is super **user-friendly** and I feel comfortable with it. Also, I love the Google maps, vivid and detailed. I can even use my iPhone to watch YouTube videos. It is really smart multi-functional stuff.

You are required to talk for the full 2 minutes.

3. Imagine you are a candidate in the IELTS test. The teacher is an examiner. Please answer the questions below with what you have learned to develop your IELTS answers. (9 mins)

Describe a piece of electronic equipment that you find useful.

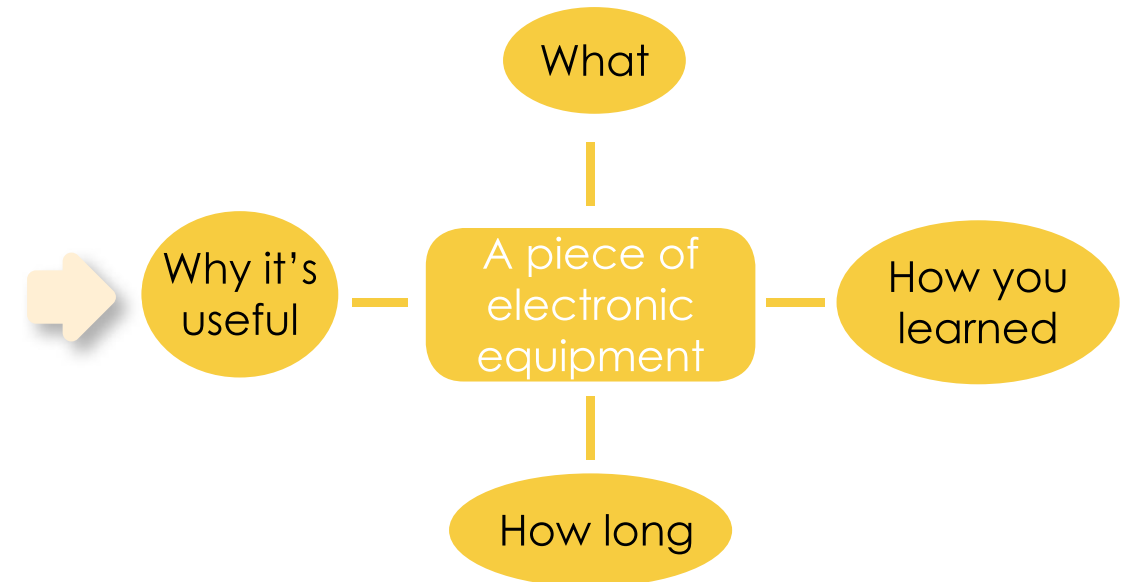

You should say:

what it is

how you learned to use it

how long you have had it

and explain **why** you find this piece of electronic equipment useful.

Homework: please use the models further for these 2 topics after the lesson.

Describe an electronic device that you have.

Describe a piece of useful electronic equipment you bought.

IELTS Speaking Part 3 (Additional Practice for This Topic)

What kind of stories do children like? **Why?**

Are traditional stories still popular?

What is the influence of modern technology on culture?

Key sentences

I **usually** go to work by subway because Beijing is a huge city. Traffic jam is everywhere. Subway is the only way to help me escape from the traffic jam.

I always go to work by bus or subway because my home is very **far** from my company, and I don't have a **driving licence** yet.

Developing more subway or bus lines and making the tickets cheaper would improve traffic conditions and encourage people to choose **public transport**.

I learned how to use just by the **instructions**, and I thought it was interesting to use this equipment; it felt like magic.

I have to say it was really **worth** the wait! So far, I've used many smartphones but the iPhone4 is definitely the best one.

The **operating system** is super **user-friendly** and I feel comfortable with it.
