Learning Content:

- Answer some questions about the details of the passage.
- Discuss three questions about the topic of the passage.

A. Recall 2mins

One day, he walked into an expensive shop after having been caught in a particularly heavy shower. He wanted to buy a 300-pound watch for his wife, but he was in such a bedraggled condition that an assistant refused to serve him. Dickie left the shop without a word and returned carrying a large cloth bag. As it was extremely heavy, he dumped it on the counter. The assistant asked him to leave, but Dickie paid no attention to him and requested to see the manager. Recognizing who the customer was, the manager was most apologetic and reprimanded the assistant severely. When Dickie was given the watch, he presented the assistant with the cloth bag. It contained 300 pounds in pennies. He insisted on the assistant's counting the money before he left—30,000 pennies in all!
