

JOURNEY *to the* WEST 108 Rewards

The travelers flew through the sky over the Tang Empire.

The Tang Monk and his companions went down
to Earth and entered the palace.

The emperor noticed the monk's companions.

“Who are they?”

There was a huge feast that night.

I will build a magnificent pagoda,”
the emperor declared.

The monk sat on a platform,
where the scriptures had been placed in baskets.

We should return to the Thunderclap Monastery,”
said the guard.

Light flashed as a large golden dragon
soared into the sky.

Wujing' s body turned gold. The spirit bowed.

Bajie bowed. “Thank you, Buddha.”

Light glowed around the monk,
who bowed before Buddha.

Wukong bowed. “Thank you, Buddha.”
