The Demon under the Ice

Wukong leaped into the air. . .

Below the ice the Tang Monk struggled. . .

Up on the ice, Wukong paced back and forth. . .

Wujing and Bajie nodded and dived into the river. . .

The door opened, and the demon stepped out. . .

Fish and other creatures fled
as the three spirits fought. . .

The demon jumped out of the water and onto the ice. . .

The demon hit Bajie's legs. . .

“We must stop him before he eats the Tang Monk,” said Wukong. . .

Wujing and Bajie dived into the river.
