

JOURNEY to the *WEST* 69

The Stabbing Pain

Wukong leaped into the air,
and Bajie and Wujing followed. . .

Wukong pounded on the cave door.
“Open up!” he yelled. . .

The woman spun around fast,
blocking his iron bar and striking back with fury. . .

Bajie tried to hit her with his rake but missed. . .

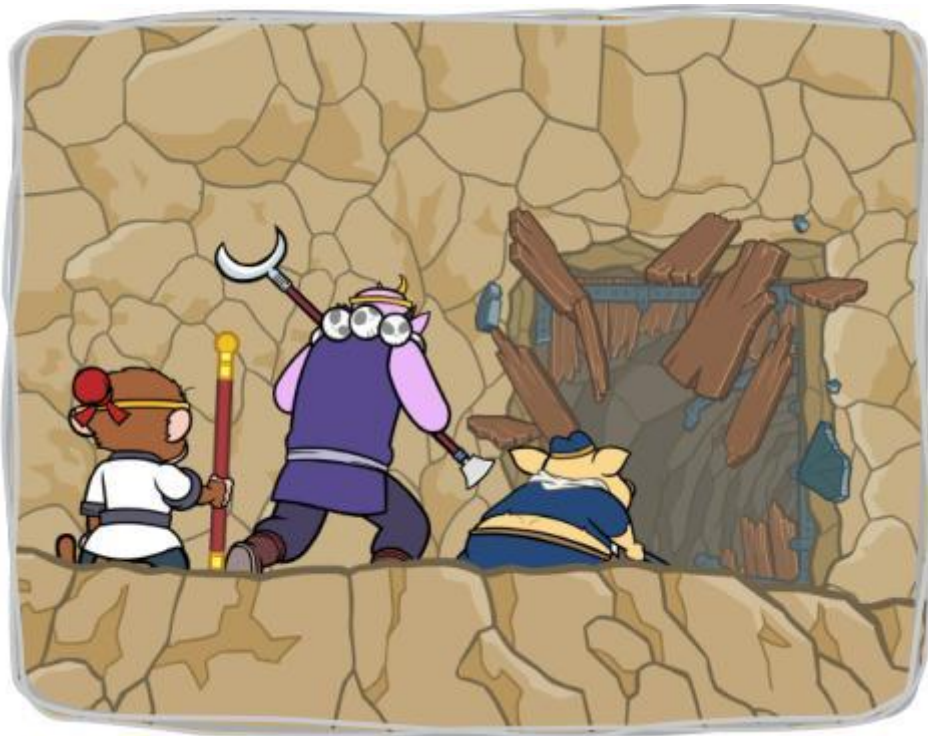

“Ahh!” cried the monkey, grabbing his head. . .

They went down the mountain and
found the monkey crouching by a stream. . .

“It hurts!” shouted the monkey. . .

The three companions returned to the cave. . .

The woman ran outside. “You smashed my door!” she shouted. . .

Bajie covered his nose and ran back down the mountain.

Tears streaming from his eyes.

“It hurts so badly!”

A voice called out, “Wait!” It was Guanyin. . .
