You should say:

how long you have been doing it

why you enjoy it

and explain what benefit you get from this interest or hobby.

In the real examination, the examiner will ask you to prepare for 1 minute.

2. Here are the two models for the IELTS Part 2. We will focus on the sentences highlighted below. Students are required to recite these two models after class. (10 mins)

Model 1

What: My hobby is playing table tennis.

How: When I was a fifth grade student, I watched a table tennis game on TV and became interested in it. Then my parents sent me to a tennis club and found a coach for me when I graduated from primary school.

How long: So far, I have been playing table tennis for 6 years. Playing table tennis makes me feel energetic. It is a sport which needs power and technique.

Why: I like the way table tennis allows you to present so many skills within such a small table. Playing table tennis is really a lot of fun.

What benefit: The benefit I get from my hobby is that it makes me strong and healthy. It also gives me a chance to make new friends.

Model 2

What: My hobby is painting.

How: When I was a child, my mother always showed me cards or pictures full of colourful things. I **was attracted to** the flowers, colourful trees, and people in these pictures. When I was six years old, I told my mom I wanted to learn how to paint and draw. My mom then took me to a painting class.

How long: I have been painting for 10 years now.

Why: I became even interested in it because it's a way to **express** myself. When I paint, I can use any colour I like to draw anything I want. It has also shaped my personality. Before I was very impatient, but painting has **shaped** me into a patient and creative person.

What benefit: I guess the biggest benefit is that it makes my life more colourful. Also, by learning painting, I am becoming more patient. Finally, painting helps me express my feelings and emotions.

You are required to talk for the full 2 minutes.
