After class

First aid is very useful. We can prepare some first aid materials, such as alcohol spray (酒精喷雾), bandages and cotton buds(棉球).

People usually get burned because of rising steam or hot oil in the kitchen. Please be careful when you're cooking.

It's important to have some common knowledge on first aid treatment. Just in case it comes to our aid.

小朋友们，了解一些必要的急救常识在我们遇到紧急情况的时候会非常有用的！

See you next lesson!
