Unit 3 Places

Topic 1—Lesson 2(下篇)

My ideal home

1. Read the task card for 10 seconds and get a general idea of this topic. (1 min)

Describe the ideal home that you would like to live in.

You should say:

where it would be

what type of house it would be

how you would decorate it

and explain why you would like to live in this kind of home.

In the real examination, the examiner will ask you to prepare for 1 minute.

3.2 Here is another model for the IELTS Speaking Part 2. We will focus on the sentences highlighted below. (4 mins)

Model 2

Where: **Currently**, I am living in a big city and living a busy life. In the future, I would like to live in my hometown, which is in the countryside.

What type it is: I am planning to take an early retirement and build a **farmhouse** there.

How to decorate it: My future house doesn't need to be fancy, but it has to be cosy to live in. There should be more than two bedrooms, one for me, and others for guests. I will put a chair under a tree in the yard so that I can read books in the afternoon. There will also be an attached two-car garage.

Why: Being surrounded with fresh air and green woods, I will be able to enjoy fascinating views around me. Living in the countryside also provides me with a chance to plant crops on my own, which is also a good way to exercise. Those are the reasons I would like to have a farmhouse in the future.

You are required to talk for the full 2 minutes.

4. Imagine you are a candidate in the IELTS test. The teacher is an examiner. Please describe the topic below with what you have learned to make your description better. (5 mins)

Describe the ideal home that you would like to live in.

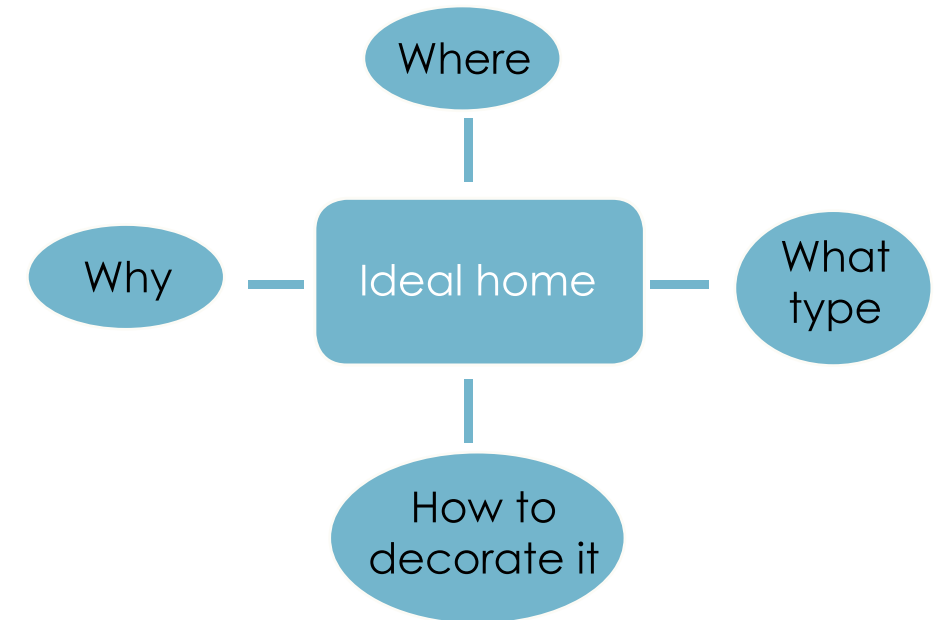

You should say:

where it would be

what type of house it would be

how you would decorate it

and explain **why** you would like to live in this kind of home.

Homework: please use the models further for these 2 topics after the lesson.

Describe a house or flat you would like to own.

Describe a building or house that impressed you.

IV. IELTS Speaking Part 3 (10 mins)

1. Read and learn the following key words and sentences for the IELTS Part 3. You are suggested to apply these words in the following steps. (5 mins)

Key words and key sentences

concrete

Example: Buildings in northern and southern part of China have many differences. In the northern part, buildings are mostly made of **concrete** bricks; while in the southern part, they are made of wood.

humidity

Example: Natural environment of a place, such as **humidity** of a place, affects the design of the buildings. For example, buildings in south of China are built to get rid of the rain water since it rains a lot there.

renewable

Example: People could use **renewable** materials to build their house, for example, bamboo for flooring.

2. Imagine you are a candidate in the IELTS test. The teacher is an examiner. Please answer the questions below with what you have learned to develop your IELTS answers. (5 mins)

Please give two supporting ideas at least for each question.

How do buildings in different parts of China differ from each other?

How does the environment of a place affect the design of the buildings in that place?

In what ways can buildings be more environmentally friendly?

V. Summary (5 mins)

Key words

kill time

promote

day off

cool breeze

mountainous

currently

farmhouse

concrete

humidity

renewable

Key sentences

I **kill time** by hanging out with my family and friends but I give more time with my family.

At leisure time, people can go to the gym or do other activities they like. It can **promote** not only better physical health but mental health.

Weekends are my **days off**. I usually hang out with my friends who are available. If I don't have any appointments, I try to take a nap and relax.

Buildings in the northern and southern part of China have many differences. In the northern part, buildings are mostly made of **concrete** bricks; while in the southern part, they are made of wood.

The natural environment of a place, such as the **humidity** of a place, affects the design of the buildings.

People could use **renewable** materials to build their house, for example, bamboo for flooring.

The next lesson will be **Unit 3 Topic 2 A historical place.**
