### 3.1 Here is a model for the IELTS Speaking Part 2. We will focus on the sentences highlighted below. (4 mins)

#### Model 1

**What ,when &why:** A useful technical skill that I have is graphic designing with computer. I had a passion for designing and art during my childhood. After my father bought me a computer when I was in the 7<sup>th</sup> grade, I started learning how to graphic design.

**How difficult:** I have to say it is a challenging skill to learn. At that time, I was too young to understand the basics. I still remember I learned 2 major designing software programs, namely Photoshop and Illustrator. I read different books on concepts, spent numerous hours on designing and learned many things from the teachers who taught us. I have learned many designing aspects and tips from tutorials and different design-related websites.

**How it is useful:** Continuous practice and work on several tasks helped me master the skill. I still have a long way to go and I am still a passionate designer. Besides my academic study, I am freelancing for the projects that bring me a good amount of money.
