2. Here are the two models for the IELTS Part 2. We will focus on the sentences highlighted below. Students are required to recite these two models after class. (10 mins)

Model 1

What and when: I would like to talk about Fly Fish show, which is my favourite radio programme. It was more than four years ago that I first **tuned into** the Fly Fish Show.

What attracted you most: At first I was a little surprised when I found this program was nothing but chatting in a very **homely** way. Then I found myself becoming totally lost in it because this programme was really fascinating. I have to say that the two DJs really have a good **sense of humour**. They always make jokes about each other in a very smart way. Their conversations are mostly about news events.

Why: I listen to this programme every night. It has become a part of my life. It makes me forget the pressure of studying and feel life is full of joy.

Model 2

What: Well, honestly speaking, I don't really like listening to the radio, and the only radio programme I can remember is about telling stories.

When: I listened to it when I was a little girl, maybe around 10 years old.

What attracted you most: The content that attracted me most was the stories from this program. All stories were told by a very famous host, Zhengda. He was an excellent story teller, and could tell stories in a very vivid way. All the stories of this programme are very interesting and they often make me laugh.

Why: I used to share the stories I heard from the programme with my friends. Most of them were also interested in these funny stories. We sat together happily and talked about our favourite characters, which was really an unforgettable childhood memory.

You are required to talk for the full 2 minutes.
