Topic 1—Lesson 2(下篇)

A good law

IV. IELTS Speaking Part 2 (20 mins)

1. Read the task card for 10 seconds and get a general idea of this topic. (1 min)

Describe a good law that has brought positive changes.

You should say:

what law it is

when it was passed

whether you know it very well

and explain why it is a good law.

In the real examination, the examiner will ask you to prepare for 1 minute.

2. Here are the two models for the IELTS Part 2. We will focus on the sentences highlighted below. Students are required to recite these two models after class. (10 mins)

Model 1

What: Well there are many laws in my country, but, to be honest, I am not familiar with most of them. The law I can think of now is that people are not **allowed to** drive after drinking alcohol.

When: The law was passed many years ago. I can not remember the exact time.

Whether you know it very well: Although I don't know every detail of this law, I know its main requirement and punishments. The law requires that drivers not drive after drinking alcohol. Once drivers are caught **drunk driving**, they will be fined or even put into jail.

Why: This is really a good law. The **traffic condition** has improved a lot since it was passed. Traffic accidents have been reduced as well since this law was passed. Everybody is happy with the changes.

Model 2

What: I would like to talk about the law which was passed to **control the use of** plastic bags.

When: I could not remember when this law was passed. The only thing I could think of is that I heard about this law when I was still in primary school.

Whether you know it very well: I know this law very well. It requires supermarkets and shopping malls to stop offering plastic bags to customers. **Meanwhile, it encourages consumers to use paper or cotton bags and they are even rewarded for doing so.**

Why: As is known to all, plastic bags are a main **source of pollution**. Luckily, the environment has become much **cleaner and tidier** since the law was passed. Everybody is very satisfied with the environment now and they all think this law is very good.

You are required to talk for the full 2 minutes.

3. Imagine you are a candidate in the IELTS test. The teacher is an examiner. Please answer the questions below with what you have learned to develop your IELTS answers. (9 mins)

Describe a good law that brought positive changes.

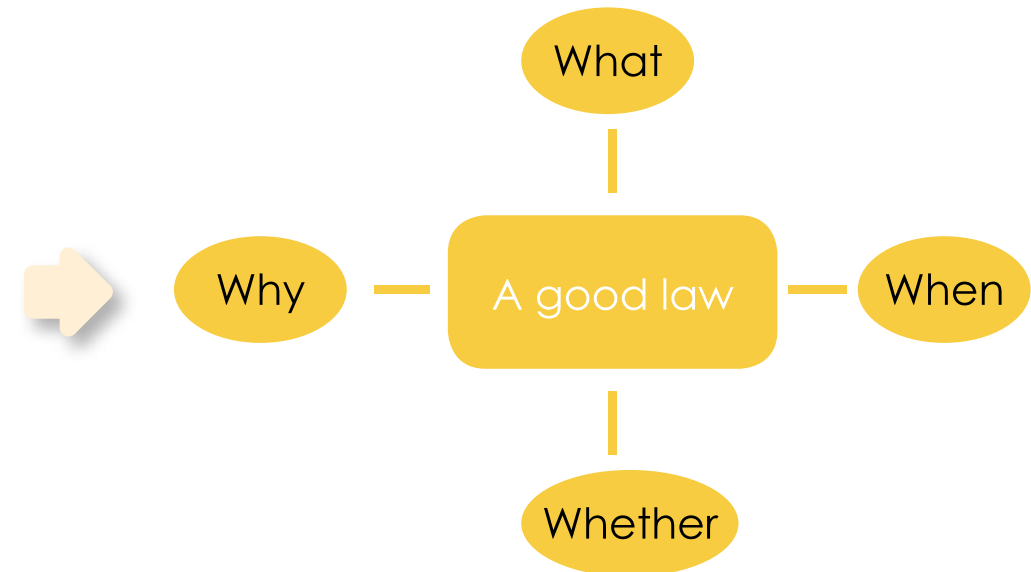

You should say:

and explain **why** it is a good law.

Homework: please use the models further for these 2 topics after the lesson.
