You should say:

what the company is

what the company does

how you know of it

and explain why it has been successful.

In the real examination, the examiner will ask you to prepare for 1 minute.

2. Here are the two models for the IELTS Part 2. We will focus on the sentences highlighted below. Students are required to recite these two models after class. (10 mins)

Model 1

What: 51Talk is a small but successful company that I want to talk about.

What it does: 51Talk is an online English school. It provides **one-to-one** English lessons. The teachers are from the Philippines where English is the official language. It provides English speaking lessons through the Internet from 6:00 a.m. to 11:30 p.m.

How you know of it: I was looking for a training school to improve my **oral English**. One of my friends recommended 51Talk to me two years ago. I decided to have lessons in 51Talk after I had a **free trial** lesson. 51Talk was not popular at that time, but now nearly everyone in Beijing knows of it.

Why: I consider 51Talk as a successful company because what it is doing is meaningful and beneficial to Chinese English learners. 51Talk is changing the way Chinese English learners learn English. Most Chinese people are too shy to speak English out loud, but 51Talk provides Chinese English learners a chance to talk to foreigners one to one. In addition, 51Talk's service is good. It allows people to have English lessons anytime and anywhere.

Model 2

What: I would like to talk about a small clothing company called Natural Story.

What it does: It's a local clothing **brand**. It produces clothes using natural materials. It also has stylish clothes that are originally designed.

How you know of it: I know of this company because there is one store in my neighbourhood and I buy clothes there all the time. It's not surprising that I am familiar with it. **It was the only store of this company one year ago. Now, it has five branches in the city.**

Why: Natural Story is becoming more and more popular due to two reasons, I think. **Firstly, it's because of its clothes. They are comfortable yet fashionable.** The second reason is its **service**. The shop assistants in all the stores are like your personal stylist. They even suggest not buying too many clothes at one time. People trust these shop assistants. People also trust Natural Story.

You are required to talk for the full 2 minutes.

3. Imagine you are a candidate in the IELTS test. The teacher is an examiner. Please answer the questions below with what you have learned to develop your IELTS answers. (9 mins)

Describe a small company you know that has been successful

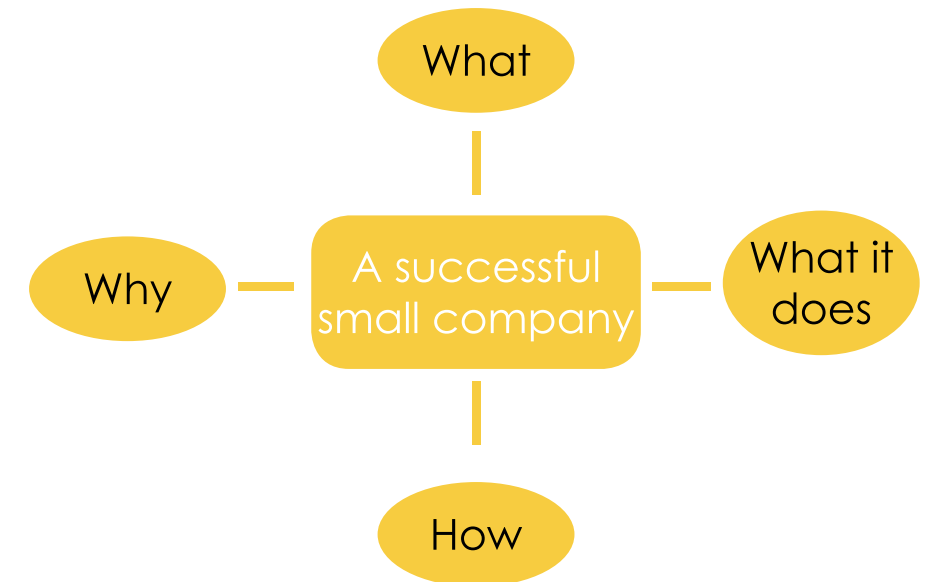

You should say:

what the company is

what the company does

how you know of it

and explain **why** it has been successful.

Homework: please use the models further for these 2 topics after the lesson.

Describe a small business.

Describe a small company you know well.
