what features this season has

why you love this season

and explain the special thing about this season.

In the real examination, the examiner will ask you to prepare for 1 minute.

2. Here are the two models for the IELTS Part 2. We will focus on the sentences highlighted below. Students are required to recite these two models after class. (10 mins)

Model 1

What: I want to talk about my favourite season, summer.

What features: Summer is related to words like **sunshine**, beaches, sea and flowers.

Why: Summer has the most comfortable sunshine compared to the rest of the year. You can see the blue sky, white clouds and green trees. The **scenery** in summer is the most beautiful for me. In summer I'm happier and more energetic, because I am able to exercise more frequently. The second reason why I love summer is that my favourite fruit is watermelon, which is one of the **seasonal** fruits in summer.

The special thing about this season: The special thing about summer is it's an ideal season for outdoor activities like going on picnics and sunbathing.

Model 2

What: I want to talk about my favourite season in Beijing, autumn.

What features: Without the humid air of summer and the dusty wind of spring, autumn is comfortably cool and filled with beauty from the colourful leaves.

Why: I like autumn the best because it's cool and clear. I love this season because it's an ideal season for outdoor activities like flying kites and hiking, but, unfortunately, autumns in Beijing are too short.

The special thing about this season: One of the special things about this season is that it is the harvest season so there are many fruits, like apples and oranges. The other special thing about autumn is the Mid-autumn Festival, which is my favourite festival.

You are required to talk for the full 2 minutes.

3. Imagine you are a candidate in the IELTS test. The teacher is an examiner. Please answer the questions below with what you have learned to develop your IELTS answers. (9 mins)
