3.1 Here is a model for the IELTS Speaking Part 2. We will focus on the sentences highlighted below. (4 mins)

Model 1

What: I am going to talk about the “hands up” rule at the high school I attended. We were asked to put our hands up in class to answer questions.

Why and how: This rule made us feel we could make our own choice to answer question or not. And we were encouraged to put out ideas forward in a polite way instead of just talking over each other. We put up our hands only when we had an answer ready and were sure of the answer, so the rule also increased our confidence in ourselves. However, some of my classmates were too shy to put up their hands even if they knew the answer. They were afraid they would get the wrong answer and get laughed at. Besides, some teachers always picked the same people to answer their questions.

Why you agree or disagree: Anyway, this rule helped us a lot. Without it, we could have just shouted out our answers and ended up learning nothing at all.
