Model 1

What: My favourite dish is Mapo tofu.

Where: It's a common dish in my hometown, Sichuan. Nearly every restaurant has this dish and nearly everyone in Sichuan loves the dish very much.

What the meal is made of: I am not familiar with the exact steps of cooking it. Mapo tofu generally speaking is a kind of fried tofu. It tastes a little spicy, since there are two or more different kinds of pepper. People usually fry some pieces of meat together with the tofu. People also put coriander in the end to make it tastier, and the amount depends on you.

Why you like it: I like Mapo tofu the most because I can't live without spices, and spices are an important ingredient in making it. I am also a big fan of tofu. It's great that Mapo tofu combines them perfectly. The tofu is soft and it just melts on the tongue. The dish tastes great. What's more, it's a traditional dish that I have been eating for more than twenty years. It's part of my life.
