#### Model 2

**Where you ate & who you were with:** My friend and colleague Vivi invited me to a lunch in a restaurant near our office, called Wushan Grilled Fish for lunch last Friday. It was a "thank you" meal treated by her for the success of her project. She invited me because I helped her with some translating. She also invited her team members who I am not familiar with to the lunch.

**What you ate:** We ordered Wushan grilled fish and some side dishes, such as seaweed salad, cold tofu and so on.

**Why:** I didn't only get a free lunch, but also some good friends. At first, it was a little awkward since I didn't know any of them aside from Vivi. During the meal, Vivi introduced us to each other. It turned out that I came from the same city as one of them. They were outgoing guys and I remember I laughed a lot during the meal. After the meal, I became friends with all of them. Free food and new friends, isn't that amazing?

You are required to talk for the full 2 minutes.
