II. IELTS Speaking Part 1 (10 mins)

1. Read and learn the following key words and sentences for the IELTS Part 1. You are suggested to apply these words in the following steps. (5 mins)

Key words and key sentences

loose

Example: It depends on different occasions. When I work out, for example, I prefer to wear **loose** clothes because it allows for a fuller range of motion. But when I am at work, I wear formal clothes all the time because they make me look professional, and there is a strictly enforced dress code in my company.

distraction

Example: People certainly have the right to choose what to wear, but they should follow the dress code in their workplace if there is one, like wearing uniforms. What's more, I believe that uniforms could reduce the time spent choosing what to wear. I can also imagine that uniforms provide less of a **distraction** in the workplace by limiting the amount of bright colours that are worn.

observation

Example: Their tastes are not quite the same. Based on my **observation**, most men have become more casual. Many choose comfortable clothes, normally in black, blue or grey. Women on the other hand love to experiment with new styles following the latest fashion trend. They are also more likely to wear interesting clothes with bright colors.

Extend your answer to 3-4 sentences. It's easier to get 6.5.

3.1 Here is a model for the IELTS Speaking Part 2. We will focus on the sentences highlighted below. (4 mins)

Model 1

What and how you know: I've been dying to try foie gras. It is a typical French dish which is made of goose livers. I've watched a series of TV shows where people have dinner in posh French restaurants, and at least one character never fails to order foie gras.

Where: There are several French restaurants all over Beijing where I can try foie gras, but I've already decided to only try the most authentic French food in Paris.

Why: I would love to have foie gras as a meal for several reasons. For one thing, after reading so much about foie gras and seeing it on so many shows, I feel the need to verify its famous taste myself. For another, I am curious about the differences between Chinese and French liver-based dishes, especially since liver is a commonly used ingredient in making Chinese dishes.

注: Foie gras /'fwa:'gra:/ 法式鹅肝
