and explain what benefit you get from this interest or hobby.

In the real examination, the examiner will ask you to prepare for 1 minute.

3.2 Here is another model for the IELTS Speaking Part 2. We will focus on the sentences highlighted below. (4 mins)

Model 2

What: Actually, I am tired of people asking the question, “What is your favourite hobby?” I always hear the same old answers: reading, listening to music, painting, and so on. There is nothing wrong with these activities, but there's more things out there than just these activities. My hobby is "upcycling".

Why: “Upcycling” is taking things like glass, paper and plastic in special bins and turning them into decorative material. Upcyclers take old things and make them into new things. Sometimes, they can even sell the things they make. For example, you can take an old book bag, clean it up and decorate it. It will look like a cool new bag. Or you can make pencil holders out of recycled cans.

How long: I have been doing it for almost two years.

Why & what benefit: It is really a free and creative way to do what you want to present. I can have fun and make a little money with it. The biggest benefit I get from this hobby is a strong awareness of recycling.

You are required to talk for the full 2 minutes.
