Model 1

What, when & where: The song that comes into my mind is Let Us Go Boating, which was an extremely popular song when I was little. I still love it now, although it is a children's song. The first time I heard it was in elementary school when my music teacher taught us to sing this song.

Why you like it: I love this song because of three things. ¹First, the song describes the breathtaking view of Beihai Park: the blue sky, the white clouds, the green trees, the red walls, the white pagoda and so on. The song describes the great feeling of rowing a boat on the lake. It feels great rowing a boat on the lake, feasting our eyes on the view, listening to birds singing, and breathing fresh air. The feeling is **mind-blowing**. Second, the melody of the song is so amazing that it always reminds me of beautiful childhood memories. Finally, since I am such a **nostalgic** person, I love this song even more. Those precious childhood memories mean a lot to me.
