Unit 8 Technology and invention

Topic 6—Lesson 2(下篇)

An item of technology you could not be without

Read the task card for 10 seconds and get a general idea of this topic.

Describe an item of technology that you couldn't be without.

You should say:

what the thing is

how often you use it

what difference it makes in your life

when you bought this particular piece of technology

why it is so important to you.

In the real examination, the examiner will ask you to prepare for 1 minute.

3.2 Here is another model for the IELTS Speaking Part 2. We will focus on the sentences highlighted below. (4 mins)

Model 2

What and when: A device that I have grown attached to over the last decade is my portable music player. The first portable music player I owned, I bought with my own money back when I was in primary school.

How often and what difference: I never leave home without my music player. It is especially handy on long journeys. My music player keeps me occupied. Otherwise, I would be extremely bored on my daily subway rides.

Why: For me, music has a calming effect. Therefore, I always carry my music player on my person, so that I can listen to music when I've had a stressful day. Since stress can be harmful to my mental and physical health, I consider my portable music player to be a health aid. Whenever I am feeling down, no matter where I am, I put on my earphones and disappear into a world of my choice. Without my portable music player, I would be exposed to external sounds, which for me is an extreme annoyance.

You are required to talk for the full 2 minutes.

4. Imagine you are a candidate in the IELTS test. The teacher is an examiner. Please describe the topic below with what you have learned to make your description better. (5 mins)

Describe an item of technology that you couldn't be without.

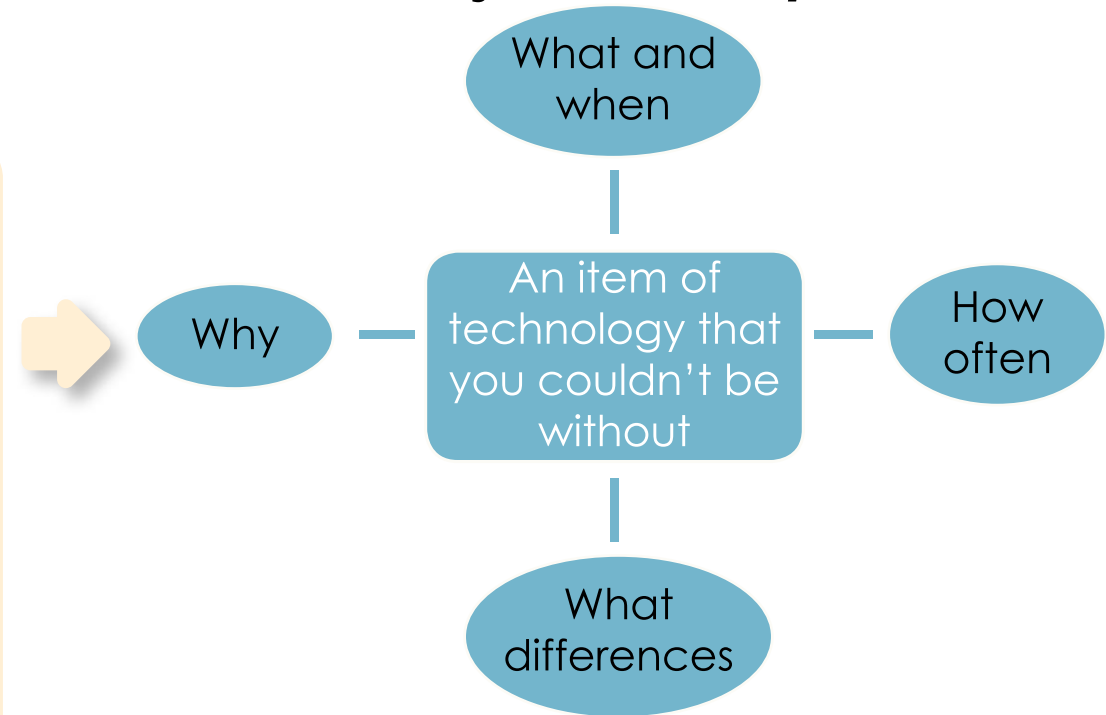

You should say:

what the thing is

how often you use it

what difference it makes in your life

when you bought this particular piece of technology **why** it is so important to you.

Homework: please use the models further for these 2 topics after the lesson.

Describe a technology that benefit you a lot.

Describe a new technological invention.

IV. IELTS Speaking Part 3 (10 mins)

1. Read and learn the following key words and sentences for the IELTS Part 3. You are suggested to apply these words in the following steps. (5 mins)

Key words and key sentences

extent

Example: Computers are one of mankind's greatest inventions, because with the addition of the Internet, it has made doing almost any task much simpler. Computers only influence kids to the **extent** that parents or teachers allow them to. If kids are using computers to play games, it could have a negative impact on their performance in the classroom, especially if they become addicted to that game.

a wide range of

Example: In my eyes, computers have both positive qualities and negative ones. A computer can be used in many different ways. They are used in education to teach children **a wide range of** knowledge, while in manufacturing they are used to design and implement new products. The main disadvantage is that some people use computers for illegal activities. For example, they can be used by people with evil intent for harmful activities, such as identity theft or credit card scams.

criminal

Example: The ability to overcome the disadvantages of computers depends mainly on the individual. As a private citizen, it is my responsibility to safeguard myself from **criminal** activities by being aware of common online scams. I believe the best offense is a good defense, so I also work diligently to educate myself on when a website might be untrue and remember to never post personal information, especially financial details.

2. Imagine you are a candidate in the IELTS test. The teacher is an examiner. Please answer the questions below with what you have learned to develop your IELTS answers. (5 mins)

Please give two supporting ideas at least for each question.

How do you feel about computers? **What** influence do you think computers have on kids.

Do you think computers have more advantages or disadvantages?

How can you overcome the disadvantages of computers?

V. Summary (5 mins)

Key words

ample

implement

grant

accomplish

vital

on one's person

occupy

extent

a wide range of

criminal

Key sentences

The most exciting thing about this major is that you have **ample** opportunities to speak with foreign government officials and scientists.

For example, what are China's current policies? How are they **implemented**?

If I combine these two skills together, they should **grant** me the chance to become successful in the future.

Computers only influence kids to the **extent** that parents or teachers allow them to.

They are used in education to teach children **a wide range of** knowledge, while in manufacturing they are used to design and implement new products.

As a private citizen, it is my responsibility to safeguard myself from **criminal** activities by being aware of common online scams.

The next lesson will be **Unit 9 Topic 1 An important choice.**
