Unit 5 Leisure Activities

Topic 1—Lesson 2(下篇)

An interest or hobby

IELTS Speaking Part 2 (10 minutes)

You will be given one minute to prepare to talk about the topic on the task card. You will have to talk for 1-2 minutes, and then the teacher will give you feedback for 2-3mins. (5 minutes)

Describe an interest or hobby that you enjoy.

You should say:

how you became interested in it

how long have you been doing it

why you enjoy it

and **explain what** benefit you get from this interest or hobby.

Tips: During the first stage of Part 2, you don't need to talk. Keep the questions in mind and think them over.

2.3 Here is another model for the IELTS Speaking Part 2. We will focus on the words and expressions highlighted and in red below. (5 minutes)

Model 2

How you became interested in it: Ever since I was a young child, my parents would play music to me as I fell asleep, and usually these songs **were composed of** classical or romantic pieces. I suppose it was a form of lullaby; however, this habit of my parents ended up having profound **implications** on my development of future hobbies.

How long have you been doing it & why you enjoy it: From an early age and up until now, I have played many musical instruments, but the one I have enjoyed playing the most throughout the years is the piano. I believe on a fundamental level that music is a common tongue in which we can express our feelings to all **regardless of** what barriers language and culture might pose.

What benefit you get from this hobby: Playing various instruments especially the piano over the course of my life has really led me to appreciate music and musicians far more than before, mostly because I have come to realize the amount of dedication and focus it takes to continuously practice and play any given musical tool. The piano in particular has really improved my ability to think logically and to analyse not just musical pieces or sheet music, but all other areas of study like history and math. This habit has also helped to spread joy among my family as I always play for them whenever possible.

IV. IELTS Speaking Part 3 (10 mins)

1. Please answer the following question from Part 3. According to your answer, the teacher will give you feedback on how to improve your organisational skills. (5 minutes)

How to organise your answer in Part 3:

T: Topic Sentence + **S:** Supporting Details (Explanation/Examples)

Do you think having a hobby is good for people's social life?

T: In my view, keeping a hobby is an indispensable aspect of leading a better social life.

S1: First of all, there's nothing like a mutually shared hobby to serve as a conversation starter. Normally, chatting about hobbies is what helps people break the ice on occasions like cocktail parties or gallery openings.

S2: Second, hobbies are also conducive to making new acquaintances. When two people share the same hobby, they are more likely to establish intimate friendship. As time goes by, one's social circle can be expanded, which will bring huge benefits to his or her social life.

2. You will learn some key words and expressions from these questions. Pay attention to the structure of the underlined sentences, and the words in red. (5 minutes)

Key Words and Models

**Are there any negative effects of a person spending too much time on their hobbies?
What are they?**

 If someone becomes obsessive about a particular hobby to the detriment of the rest of their life, it may become a **barrier** to achieving one's goals for personal or social development. After all, some other things are of even greater significance, such as work and education. If one's attention is solely concentrated on his hobby, no benefit could be gained. Moderation in all things is the ideal to strive for. Nothing is more harmful than a destructive obsession.

Why do you think people need to have an interest or hobby?

 People need to have an interest or hobby for several reasons. One reason lies in the fact that people normally engage in these activities for stimulation or pleasure. If someone never finds enjoyment in an activity that they can repeat, they run the risk of falling into a kind of slump, which could lead to depression or other chronic mental issues. Another reason I think people need a hobby or interest is that humans naturally tend to be active creatures that can become bored rather easily. So these repetitive tasks that a 9-to-5 job inherently has can affect people negatively, but if people are able to have a hobby or interest, it can serve as a way to escape the **daily grind** that working provides.

V. Summary (5 minutes)

Key Words & Expressions

be composed of

implication

regardless of

break the ice

barrier

daily grind

Key Sentences

Usually these songs **were composed of** classical or romantic pieces. I suppose it was a form of lullaby; however, this habit of my parents ended up having profound **implications** on my development of future hobbies.

I believe on a fundamental level that music is a common tongue in which we can express our feelings to all **regardless of** what barriers language and culture might pose.

Not only are hobbies conducive towards **breaking the ice** at cocktail parties and gallery opening, they're also suitable for making new acquaintances and expanding your social circle.

If someone becomes obsessive about a particular hobby to the detriment of the rest of their life, it may become a **barrier** to achieving one's goals for personal or social development.

But if people are able to have a hobby or interest, it can serve as a way to escape the **daily grind** that working provides.

The next lesson will be **Unit 5 Topic 2 A performance or a show.**
