II. IELTS Speaking Part 1 (8 minutes)

Extend your answer to 3-4 sentences. It's easier to get 7.5.

1. Imagine you are a candidate in the IELTS test. The teacher is an examiner. Please answer the questions below with what you have learned to develop your IELTS answers. (4 minutes)

What do you think of the area in which you live?

How long have you lived there?

What about the traffic there?

The examiner will score your answer from the following aspects:

1. How good you are at **keeping talking** at the right speed and **connecting your ideas together**;
2. **How much vocabulary** you have and **how well** you use it;
3. **How many structures** you have and **how well** you use them;
4. How well you **pronounce** the language.

2. Read and learn the following key words and models for the IELTS Part 1. You are suggested to apply these words in the following steps. (4 minutes)

Key Words and Models

spacious

Example: I love the area I live in right now. The best word to describe it is "spacious". My neighbourhood is located far away from the city centre, and there are even some warehouses located nearby. I love where I live especially because all the trees surrounding the area provide plenty of oxygen and make perfect natural scenery so that people here are able to live more healthily and joyfully.

semi-permanent

Example: I have lived at my current residence for about seven years. It is only semi-permanent, for I am just renting this house. Not only is this house close to many advanced amenities, but the people living nearby are kind-hearted and friendly. If I could afford it, I certainly would love to purchase it and live in it forever!

marginal

Example: The traffic where I live is actually quite marginal. My house is so isolated from the major populated areas that it is very rare to come across traffic jams or other traffic related issues. Although there are basically no traffic issues, living far from the city centre does have other challenges. For example, I have to drive several hours to get to my office.

III. IELTS Speaking Part 2 (12 minutes)

1. *Brainstorm. Plan your answers based on the given questions. (1 minute)*

Describe an important plant in your country.

- What is the plant?
- What do you know about it?
- Do you like it?
- Why is it important in your country?

Tips: During the first stage of Part 2, you don't need to talk. Keep the questions in mind and think them over.

2.1 Here is a model for the IELTS Speaking Part 2. We will focus on the words and expressions highlighted and in red below. (8 minutes)

Model 1

What the plant is: A plant that is revered throughout China and is considered a national emblem is the **plum blossom**.

What you know about it: According to my knowledge, this plant originated in China and was later brought to Korea and Japan. The plum blossom is the only plant that blossoms in the peak winter season, which has made it a symbol of survival.

Whether you like it: I happen to fall in love with this plant because of its large varieties of colours. They can be found in shades of green, pink, and red. Since my favourite colour is pink, it makes liking this plant an exceptionally easy choice for me! What's more, since I regard flowers as perfect gifts, this particular flower makes the most pleasant **housewarming** gift I often give to my friends. They would decorate their rooms with such a brilliant plant!

Why it's important to your country: Not only does the plum blossom represent China's ongoing survival as a country, but also our survival as one of the oldest continuing civilisations in the world. Meanwhile, it also has practical value for the Chinese people, as it is often used to make a special smooth tasting plum wine.

You are required to talk for the full 2 minutes.

2.2 Imagine you are a candidate in the IELTS test. The teacher is an examiner. Please answer the questions below with what you have learned to develop your IELTS answers. (3 minutes)

Describe an important plant in your country.

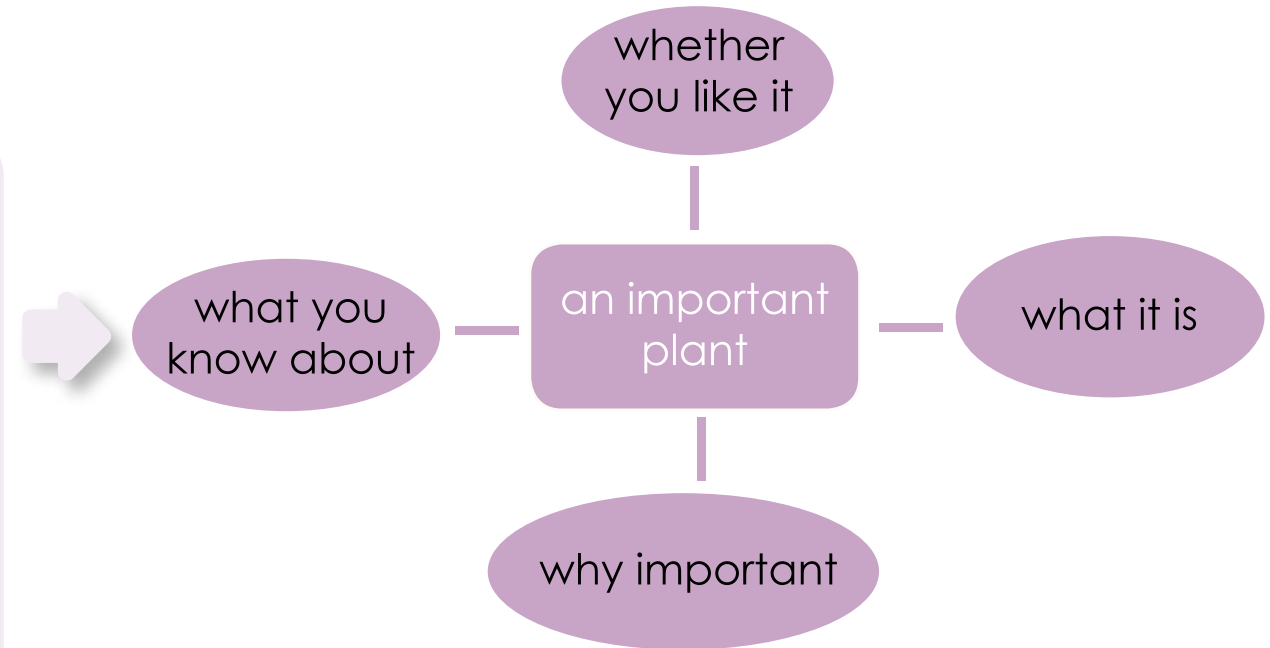

You should say:

what the plant is

what you know about it

whether you like it

and **explain why** it is important in your country.

Homework: Please use the model for these two topics for further practice.

Describe a plant you like.

Describe a special plant you know.
