Ruby Red

We are going to learn about rubies.

Warm-up

2 min

What red clothes do you have?

What other red-colored things do you have?

**Reading****4**

min

Read with the teacher and then answer the question below.

Rubies are precious stones that are known for being red. Rubies that are **blood-red** are the most valuable and are often more expensive than diamonds, as they are harder to find.

Why are blood-red rubies very valuable?

To be continued... >>

**Reading****3** min

Read with the teacher and then answer the questions below.

Burma (Myanmar) was for centuries the world's main source for rubies. That region used to produce some of the finest rubies ever mined, but in recent years very few valuable rubies have been found there.

**India****China****Burma**

Where is Burma?
What did Burma use to produce?

To be continued... >>

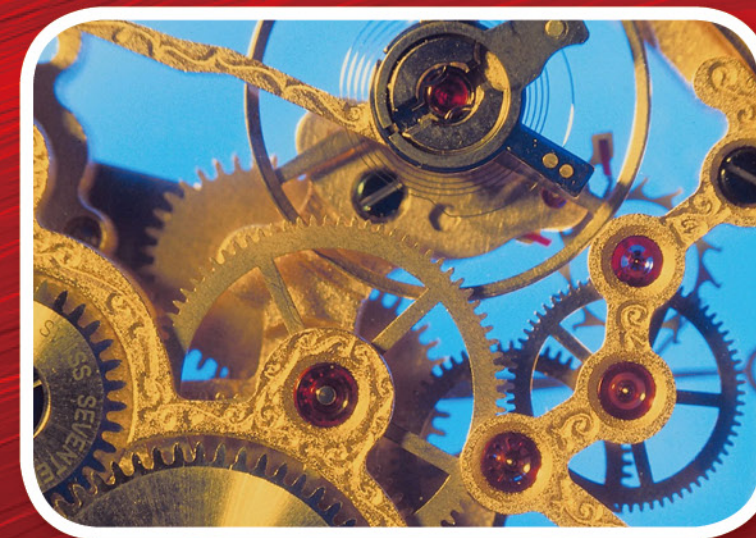

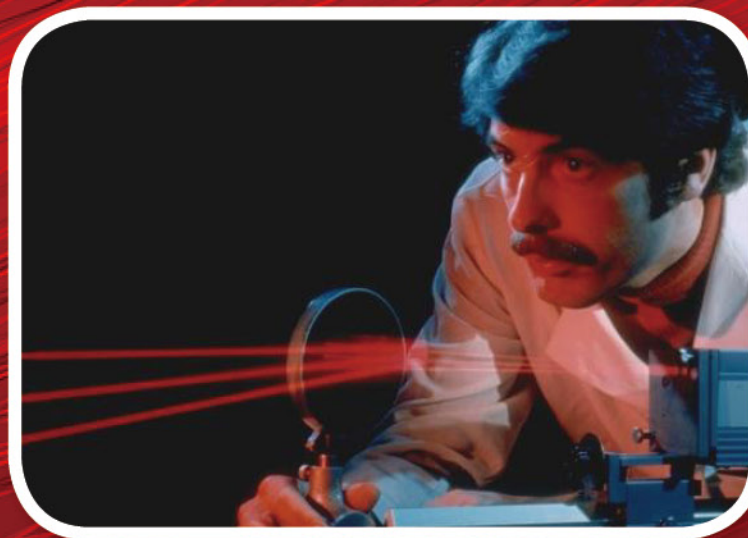

Reading

3 min

Read with the teacher and then answer the questions below.

Besides being used to make **jewelry**, rubies are also used to make lasers, so that is why most laser lights are red colored. Sometimes rubies are used in the moving parts of mechanical watches.

Have you ever seen or used laser lights?
If not, would you like to?

To be continued... >>

Reading 4 min

Read with the teacher and then move to the Word Focus.

Rubies have been the world's most valued **gemstones** for thousands of years. Since ancient times, it was thought that the wearer of a ruby **was blessed with** health, wealth, wisdom, and love.

Word Focus

- She **was blessed with** many good friends.
- What would you like to **be blessed with**?

**Task****4**

min
