Blue Sapphire

We are going to learn about sapphires.

Warm-up

2 min

Do you like the color blue?

What blue-colored things do you know?

**Reading****3** min

Read with the teacher and then answer the question below.

Sapphires are considered to be one of the four most precious **stones**, along with diamonds, rubies, and emeralds. Sapphires are the most valuable and the hardest blue gemstones after diamonds.

What is the second hardest gemstone?

To be continued... >>

**Reading****3** min

Read with the teacher and then answer the questions below.

Sapphires can be found along the dried-out sides of rivers and in underground mines. As of 2007, an island called **Madagascar** was the world's largest producer of sapphire.

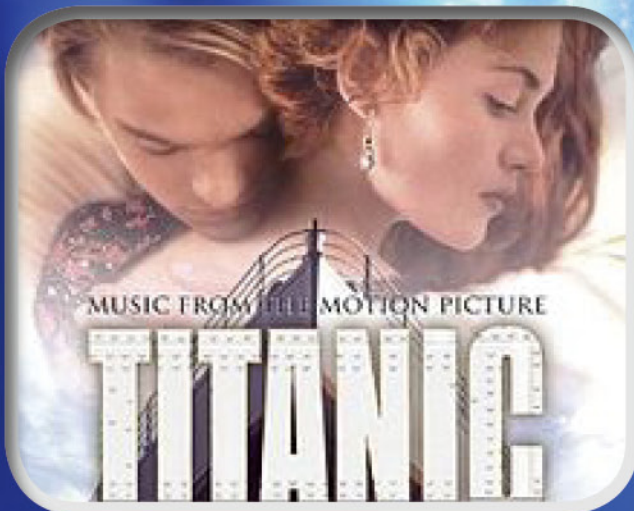

Where is Madagascar? What can be found there?

To be continued... >>

**Reading****4** min

Read with the teacher and then answer the question below.

Sapphires are most often used in jewelry. One of the world's most famous sapphire **necklaces** is called "The Heart of the Ocean". It was featured in the hit film "Titanic".

Have you seen the film "Titanic"?

Reading 4 min

Read with the teacher and then move to Grammar Focus.

Sapphire is the **birthstone** for the **ninth** month of the year. It is believed that if you are born in September and have this stone, it can keep you safe from **harm**.

Grammar Focus

- **ninth**: ordinal number of “nine”; ordinal numbers are used to talk about the “order” of things or to define a thing’s position in a series.
- For most ordinal numbers, the ending ‘-th’ is used, but there are exceptions. e.g. one-first; two-second; three-third.
