Classic English Junior Level 7 - Unit 6 - Lesson 3

The Largest

We are going to learn about some of the largest animals in the world.

Warm-up

2 min

Which animals can fit into the cage? Why?

Reading 4 min

Read with the teacher and then move to the Word Focus.

There are many animals in the world, but there are some that are much larger than the rest. Their sheer size places them at the top of the food chain which saves from all natural **predators**.

Word Focus

- Cats are considered to be the greatest **predators** of mice.
- Which animal is the **predator** of a zebra?

**Reading****3** min

Read with the teacher and then answer the questions below.

The largest animal living in the ocean is the **blue whale**. Fully-grown blue whales are often over thirty **meters**. That's longer than three school buses. It can also weigh as much as 150 **tons**.

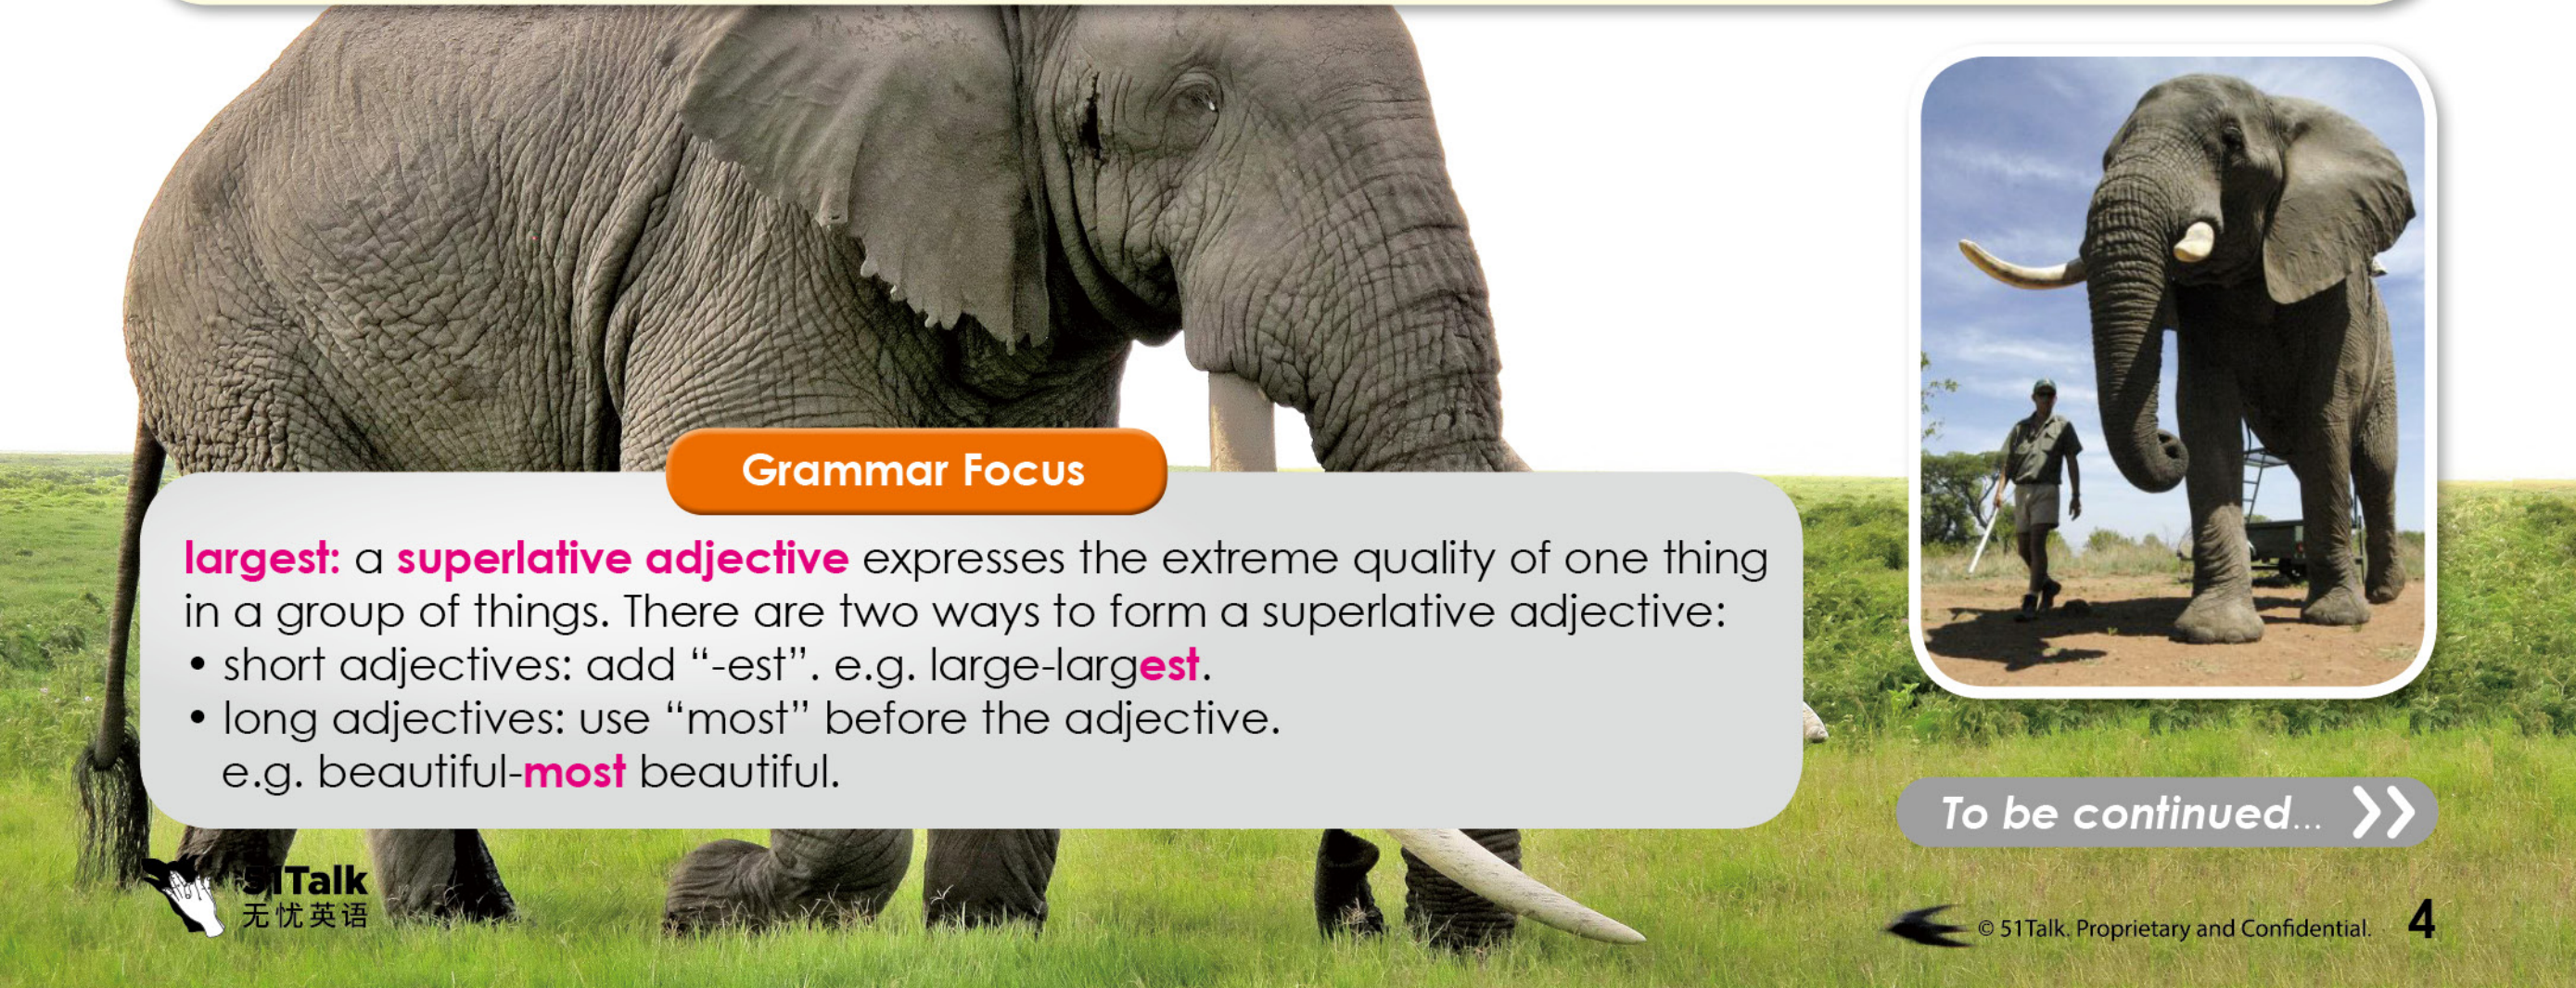

Do you think the blue whale is safe from natural predators? Why?

**Reading****4** min

Read with the teacher and then move to the Grammar Focus.

The **largest** animal living on land is the **African bush elephant**. It can grow to be over four meters tall. That is taller than getting two people to stand on each other's shoulders.

Grammar Focus

largest: a **superlative adjective** expresses the extreme quality of one thing in a group of things. There are two ways to form a superlative adjective:

- short adjectives: add “-est”. e.g. large-**largest**.
- long adjectives: use “most” before the adjective.
e.g. beautiful-**most** beautiful.

**Reading****4** min

Read with the teacher and then answer the question below.

The largest bird on land is the **ostrich**. Its **powerful** legs help it to run really fast. The ostrich isn't able to fly, but with its long legs, it's not just the largest bird, but the fastest one too.

Why can the ostrich run really fast?

Let's practice. >>
