World's Largest Sea-Hole

We are going to learn about the Great Blue Hole.

**Warm-up****2** min

Which one of these four places would you like to explore?

A deep ocean

A snowy mountain

A dark cave

A busy mall

**Reading****4**

min

Read with the teacher and then answer the questions below.

Belize is a beautiful country on the northern coast of Central America. Belize has one of the most **recognizable natural wonders** of the world, which is visited and explored by many people every year.

What is a natural wonder? Do you know any natural wonders?

To be continued... >>

Reading

3 min

Read with the teacher and then answer the question below.

The Great Blue Hole is located in the Belize Barrier Reef. It is believed to be the world's largest blue hole, as it's about one hundred and twenty-five meters deep and its **diameter** is about three hundred meters wide.

Is "the Great Blue Hole" a good name for this natural wonder?

To be continued... >>

Reading 3 min

Read with the teacher and then move to the Word Focus.

A blue hole is a large and deep **marine** sinkhole, which is easily recognizable for its **contrast** of light and dark blue colors in the sea.

The Great Blue Hole, Belize

Dean's Blue Hole, Bahamas

Word Focus

- Black and white create a strong **contrast**.
- Do blue and green create a strong **contrast**?

To be continued... >>

**Reading****4** min

Read with the teacher and then answer the questions below.

The Great Blue Hole is a popular destination for many **scuba divers**, as they can explore its deep network of caves. Some of these scuba divers will search for unexplored caves, where they can find plenty of rare kinds of fish species.

If you were to win a free trip to Belize, would you dive in the Great Blue Hole? Why or why not?

Let's practice. >>

**Task****4**

min
