

The Cotton Castle

We are going to learn about the Cotton Castle.

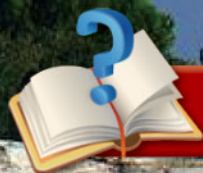

Warm-up

2 min

What are the people doing in this picture?
Have you ever been to a place like this?

**Reading****3** min

Read with the teacher and then answer the question below.

There is an **unusual** natural site in southwestern Turkey, which is called the Cotton Castle. It is called this because it is white and looks like **cotton**.

Why is this place called the Cotton Castle?

To be continued... >>

**Reading****3** min

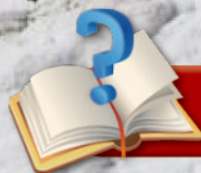

Read with the teacher and then answer the question below.

The Cotton Castle looks like a long **rocky** hill that's covered in snow, but it is actually made up of beautiful soft white rocks. It is about two thousand seven hundred meters long, six hundred meters wide and one hundred and sixty meters high.

What is the Cotton Castle made up of?

To be continued... >>

Reading

4 min

Read with the teacher and then move to the Word Focus.

The hot **mineral water** coming out from the springs of the Cotton Castle has helped to shape the rocks into a series of steps and pools. There are many health **benefits** in taking a bath in one of these pools, as they are filled with warm mineral water.

Word Focus

- The discovery of gold brought many **benefits** to the town.
- What are the **benefits** of exercise?

To be continued... >>

Reading 4 min

Read with the teacher and then answer the question below.

The Cotton Castle has been a popular tourist attraction for hundreds of years, and is visited by people from all over the world. This natural wonder is also visited by many sick people who hope to find a **remedy** for their health issues in the mineral pools.

Why do people travel to the Cotton Castle?

Let's practice. >>
