

Classic English Junior Level 9 - Unit 4 - Lesson 4

A City on a Hill

We are going to learn about a popular landmark in Greece.

 Warm-up **2** min

Is there anything unusual about these places? What is it?

**Reading****3** min

Read with the teacher and then answer the question below.

The Acropolis of Athens is one of the most famous tourist spots in Greece. It is located on a **rocky** hill above the city of Athens.

Can you name a famous tourist spot in your country?

**Reading****3** min

Read with the teacher and then answer the question below.

An acropolis is a part of a city built on higher ground. The Acropolis of Athens contains the **remains** of **ancient** buildings that have great importance in history. The Acropolis was once destroyed, but the people of Greece were asked to **rebuild** it.

Why do you think the people of Greece rebuilt the Acropolis?

Reading

4 min

Read with the teacher and then move to the Word Focus.

The Acropolis is a World Heritage Site, which means it is considered a very important piece of architecture. One of the most popular sights in the Acropolis is the Parthenon which was built by one of the world's most advanced **civilizations**.

Word Focus

- My father enjoys studying the **civilization** of the Middle East.
- What do you know about your country's ancient **civilization**?

Reading 4 min

Read with the teacher and then move to the Grammar Focus.

People visit the Acropolis to appreciate historic architecture. They can go on a tour, walk around the ruins, take **breathtaking** pictures and enjoy the landscape **before** the sun sets.

Grammar Focus

- The time expressions **before/after** introduce adverb clauses. They are used to indicate whether something happens in the past, present, or future.
- E.g., I looked at the beautiful view of the beach **before** I took some pictures.

Let's practice. >>

**Task****4**

min
