

Black Rhinos

We are going to learn about the endangered black rhinoceros.

**Warm-up****2**

min

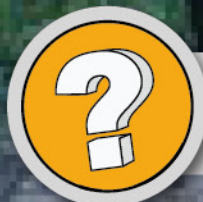

Do you think these two animals are friends or enemies?
Which one do you think would win in a fight? Why?

**Reading****3** min

Read with the teacher and then answer the question below.

One of the strongest animals in the world is the black **rhinoceros**, which live in the grasslands of Africa. An adult black rhinoceros can weigh up to one thousand kilograms!

Which animals might be heavier than the rhinoceros?

To be continued... >>

Reading 3 min

Read with the teacher and then move to the Word Focus.

The black rhinoceros have become endangered because of **poaching** over the past fifty years. People hunted these animals for their horns, which are used to make **herbal** medicine.

Word Focus

- Many hunters **poach** animals so they can sell the body parts.
- What do you think of **poaching**?

To be continued... >>

**Reading****4** min

Read with the teacher and then move to the Word Focus.

Due to poaching, the population of the black rhinoceros has fallen from 60,000 in 1970 to just over 2,000 in 1993. Thanks to **conservation** programs, the number rose to 5,000 in 2012.

**Word Focus**

- Rhinoceros **conservation** programs protect these animals from poachers.
- What ways of **conservation** can you think of?

To be continued... >>

Reading 4 min

Read with the teacher and then answer the question below.

It is important for us to save black rhinoceros from **extinction** because they have been around for more than forty million years and they are a very important part of the **ecosystem**. If rhinoceros become extinct, many other animals and plants will also be affected.

Can you think of other animals that would be affected if the black rhinoceros became extinct?

Let's practice. >>

**Task****4**

min

Fill in the blanks by using the words from the Word Bank.

Black _____ live in the grasslands of Africa. They are an important part of the _____.

Black rhinoceros have become endangered because they have been _____ for their horns, which are used to make _____ medicine.

Rhinoceros _____ programs help to save black rhinoceros from _____, but we still need to protect them.

Word Bank

ecosystem
poached
conservation
herbal
rhinoceros
extinction

More challenges! >>

**Leadership****4** min**Discuss with the teacher.**

Q1. Have you ever seen a rhinoceros? If yes, where?

I have seen a rhinoceros in.../I have never seen a rhinoceros...

Q2. Do you agree that it is important to protect the black rhinoceros? Why?

I agree/don't agree that it is important to protect the black rhinoceros because...

Q3. If you had a pet rhinoceros, what would you do with it?

If I had a pet rhinoceros, I would...

In this lesson, we...

learned about the endangered black rhinoceros.

learned new word.
