Key words and key sentences

overly

Example: There is a botanical park next to my apartment. Not only does it have a wide variety of flower species, there is also an area for exercising. Although the park itself is not **overly** large, I still find it quite relaxing to go there in the evenings.

otherwise

Example: I think parks should be free to all visitors, and the costs associated with running and maintaining the park should be funded by the government as a public service. This way everyone can enjoy parks, regardless of their socioeconomic background. To do **otherwise** would be unfair.

amongst

Example: Not only are parks a place of relaxation and communing with nature, they also beautify the city. As a public space, a park promotes a sense of community **amongst** the residents who live near it. Also, in extreme cases, parks in China serve as shelter when natural disasters such as earthquakes strike.

Extend your answer to 3-4 sentences. It's easier to get 6.5.

3.1 Here is a model for the IELTS Speaking Part 2. We will focus on the sentences highlighted below. (4 mins)

Model 1

When and what: About three years ago, I watched an inspiring movie called *The King's Speech*.

What content: This movie is about how King George VI coped with his stutter. In 1936, King George VI's brother, King Edward VIII gave up the throne in order to marry an American divorcée, placing George on the throne. With the backdrop of increasing international tensions, King George VI needed to rally the British public by giving speeches, but was unable to do so due to his stutter. Under the direction of an Australian speech therapist, George overcame his speech impediment and delivered an important speech announcing the declaration of war against Nazi Germany, rallying the British people together.

Why: The most enjoyable part of this movie for me was the incredible acting, especially the acting of Colin Firth, who played King George VI. As a master actor, he **captivated** the audience with his emotive and superb performance. The plot of the movie is also inspirational. It shows that hard work and **dedication** can solve even the most intractable of problems.
