

JOURNEY to the *WEST* 81

Help from a Dragon

Bajie and Wujing swung their weapons at the demon.

“What happened out there?” shouted Wukong.

“I’ m the Gold Dragon,” said the voice.

Wukong turned his iron bar into a drill.

The monkey jumped out of the hole
and returned to his normal size.

The demon stormed into the room.

The monkey and the dragon charged toward the demon.

Soon they were tied up in a room.

“Let’ s go,” the monkey whispered.

“Bajie, get the bags.”

They tiptoed through the monastery
and were soon outside.

The monkey quietly hurried back to the room
and grabbed the bags.
